Miami Cheers Windsors On Their Way to Canada

WINDSOR'S ROUTE TO DUKE'S CANADIAN RANCH—This is the 3,600-mile vacation trail the Duke and Duchess of Windsor are following from the Bahamas governor's house at Nassau to their ranch near Calgary, Alberta, main buildings of which are pictured. Windsors are stopping in Washington on way west, at Baltimore, the Duchesses' home town, on return trip.

MIAMI, Fla. (AP)—The Duke and Duchess of Windsor, bound for a vacation on his Alberta ranch, sped north by train today for a 24-hour stay at the British Embassy in Washington and a White House luncheon engagement with President and Mrs. Roosevelt.

Cheering crowds attended the Windsors throughout their Miami visit and the biggest throng of all saw them off on the Silver Meteor, seaborne streamliner. They traveled on a private sleeping car and were due in Washington at 7:05 a.m. tomorrow after stops in Jacksonville, Savannah and Richmond.

Yesterday the Duke proved at the outset of his six-week vacation trip that he is just as energetic as the Prince of Wales who used to dash around the world as Britain's good will envoy.

The Governor of the Bahamas flew here from Nassau with the Duchess and soon had leg-weary aides puffing to keep up with him. Within 12 hours of his arrival the Duke had:

Emerging smiling and happy from a rousing reception at the airport;

Paid a visit to Arthur Davis of Pittsburgh aboard the latter's yacht;

Lunched at his hotel with friends;

Sped to suburban Coral Gables to inspect 300 R.A.F. cadets and 100 Americans studying navigation at the University of Miami;

Spent another hour and a half at the Pan-American Airways Dinner Key seaplane base;

Entertained airline officials at a cocktail party;

Dined with members of his party at a restaurant.

VICTORIA MAN ASSIGNED

OTTAWA (CP)—Col. C. H. King of Victoria, B.C., has been assigned by the government to be in attendance upon the Duke of Windsor during his forthcoming visit to the "EP" ranch in Alberta.

It was announced today in the office of Prime Minister Mackenzie King.

Because of the private nature of the visit there will be "no ceremonies of a public nature," the announcement stated.

The Duke and Duchess of Windsor will enter Canada at North Portal, near Moose Jaw, and

travel by train to Calgary, thence by motor to the ranch at High River, established there by the Duke when he was Prince of Wales.

They are expected to arrive in Calgary next Monday morning and proceed at once to the ranch for 10 days.

J. H. Smith, director of public relations for the Canadian Pacific Railways, will join the Duke's party at St. Paul, Minn., and act as representative of the director of public information, G. H. Lash, for the Canadian section of the tour.

(Col. King came to Victoria about a year ago from Ottawa, after his retirement as deputy commissioner of the Royal Canadian Mounted Police. With Mrs. King he resides at 1350 Rockland Avenue.)

'Go Easy' on Duke

OTTAWA—Instructions to go easy on the Duke of Windsor and his Duchess during their visit to western Canada have been issued by the Canadian Broadcasting Corporation to its member stations.

The orders to all are to treat the Duke and Duchess "objectively."

House surgeons perform the killings by injecting air into the wounded men's arteries. Death is almost instantaneous.

It was said the killing of wounded soldiers has two advantages, avoiding unfavorable effects on the civilians of the sight of badly wounded men and it saves food.

Final Bulletins

Cards, Dodgers Win

PITTSBURGH (AP)—The St. Louis Cardinals kept alive their slim hopes of winning the National League pennant today by defeating the Pirates 4 to 0 as Harry Gumbert hurled six-hit ball for his sixth straight victory.

BOSTON (AP)—Dixie Walker's seventh-inning triple cleared the loaded bases and brought the Dodgers from behind as the league leaders whipped the Braves 4 to 2 today and took a tighter grip on first place in the National League pennant race.

U.S. Ship Fires

MANILA (AP)—A reliable source disclosed tonight a U.S. warship on neutrality patrol recently fired several shots across the bow of an unidentified vessel attempting to enter Manila Bay without an escort through the mine fields.

Bordeaux Explosion

NEW YORK (AP)—The Vichy radio reported today a "terrible explosion" did several millions francs in damage to the Bordeaux alcohol plant which produced synthetic gasoline.

The broadcast, heard here by Columbia Broadcasting System, said, "all kettles have exploded and a part of the factory buildings crumbled down."

Strike Called Off

NEW YORK (AP)—The Seafarers' International Union (A.F.L.) late today called off its 11-day strike affecting 25 vessels in U.S. port pending the outcome of negotiations between ship owners and the National Defence Mediation Board.

Report Germans Kill Own Wounded

OTTAWA (CP)—A broadcast from a Moscow radio station said today a secret radio station in Germany said the Germans are killing their own wounded—those too badly hurt to fight again. The broadcast was picked up here by the Canadian Broadcasting Corporation listening post.

The broadcast said the killings are under the order of the military command with the chief medical officer deciding who shall die.

House surgeons perform the killings by injecting air into the wounded men's arteries. Death is almost instantaneous.

It was said the killing of wounded soldiers has two advantages, avoiding unfavorable effects on the civilians of the sight of badly wounded men and it saves food.

Must Have Religion

HAMILTON, Ont. (CP)—Rev. R. A. Hiltz, general secretary of the general synod of the Church of England in Canada, said today that unless religion is given its proper place in educational systems, the systems are doomed to failure.

Reds Leave Iran

TEHERAN, Iran (AP)—Most of five Russian divisions in northern Iran were reported unofficially tonight to be withdrawing to be held in reserve against the German thrust in the direction of the Caucasus.

Salvoes Across Channel

FOLKESTONE, Eng. (CP)—German long-range guns fired several salvoes across the English Channel this afternoon, shaking towns of the Kent coast. The Channel itself was veiled in a haze.

French Ship Sunk

TUNIS (AP)—A Vichy government spokesman today asserted the French freighter Monselet was bombed and sunk by British planes last Saturday, shortly after putting out from a Tunisian port with a cargo of phosphates for France.

French Reds Jailed

VICHY (AP)—A military court at Perigueux, southwestern France, has sentenced 23 persons described as Communists to prison terms ranging from one year to life. One, whose name was not given, was listed as a former editor of the Paris Communist newspaper L'Humanite.

Dunning Elected

MONTREAL (CP)—Hon. Charles A. Dunning, former Finance Minister of Canada, was today elected to the board of directors of the Bell Telephone Company of Canada at its regular meeting. He succeeds Rt. Hon. Arthur B. Purvis, killed in the crash of a plane of the R.A.F. ferry command in England August 14.

Irishman Honored

LONDON (CP)—Acting Flight-Lieut. Brendon (Paddy) Finucane, 21, a fighting Irishman from Dublin, who has 20 German planes to his credit, today became the fourth R.A.F. pilot to win the double bar to his Distinguished Service Cross. He flies with an Australian squadron of the R.A.F.

Extend Air Bases

OTTAWA—To provide for increased air defence in the west, a government purchasing agent is now on his way to Victoria, B.C., to acquire new air base areas at northern tip of Vancouver Island, on Queen Charlotte Island, at Prince George and Smithers.

Nazi Murmansk Try Fails Second Time

BOMB VICTIM... AN UNUSUAL CLOSE-UP OF A CASUALTY—This is one of the few pictures of its kind to come out of the European war. It shows neighbors and relatives bringing out a bomb victim after the German Luftwaffe had visited a Russian town. Close-ups of actual casualties from bombings have been rare.

Associated Press
MOSCOW—Complete failure of a second German attempt to capture Murmansk, Russia's ice-free port in the Arctic, was reported today by Red Star, organ of the Russian army.

The Germans' second offensive in the far north began after the arrival of reinforcements early in September, Red Star said.

The drive was wrecked, with the Germans losing 2,000 killed, between Sept. 8 and 15, the paper declared. It indicated, however, fighting in that sector was continuing.

Nazi dispatches from the front claimed German troops have stormed two villages just outside Leningrad and fought their way to within sight of part of the great port city's dock section.

COUNTER-ATTACKS

Red Army defenders of Leningrad were said to be keeping up counter-attacks in swift succession, but the German dispatches asserted these seemed to be losing force.

The high command declared Russian forces in the alleged trap east of Kiev had been split into two tightly-encircled groups facing annihilation "within a few days."

In Moscow it was reported Red armies defending Leningrad were hurling the Germans back over a battlefield littered with Nazi corpses.

On the central front fierce Russian counter-blows were pictured as easing the pressure on Marshal Budenny's battered armies in the Ukraine.

Red Star, Soviet army newspaper, said Russian troops in an all-day assault routed the 136th German infantry division and recaptured a point on the approaches to Leningrad.

Tank-supported German counter-attacks were repulsed, Red Star said, and large-scale Nazi onslaughts southeast of the old Czarist capital also failed.

The Germans, admitting bitter Soviet resistance around Leningrad, emphasized what they called a mighty battle of annihilation, 125 miles east of Kiev, where the count of Russian prisoners was claimed to be nearing 500,000.

RUSSIAN DENIAL

Russia officially denied the German assertion that four Red armies had been trapped east of Kiev.

Hitler's high command declared "chaotic conditions" engulfed the allegedly encircled Reds.

Elsewhere on the sprawling battlefield, the Germans acknowledged Soviet forces were offering the bitterest resistance, particularly around Leningrad.

The Berlin radio, however, claimed Nazi troops had captured a "fair-sized town" in the Leningrad sector—otherwise unidentified—and drive bombers were claimed to have left the Russian battleship Marat in a sinking condition in the Gulf of Finland.

Finnish troops driving upon Leningrad from the north, reported they had captured the Svir River No. 2 power station, which supplied electricity to the old Czarist capital, crossing the canalized stream linking Lakes Onega and Ladoga.

London sources said Great Britain has warned Finland that she would be regarded as an open enemy if the Finns persisted in invading Soviet territory beyond the old 1939 frontier. So far, Helsinki and London have only broken diplomatic relations.

No War for Bulgaria

King Boris of Bulgaria, pictured left, inspects his troops.

SOFIA (AP)—Bulgaria does not intend to enter the war against Soviet Russia or break off relations with Moscow, Peter Gabrovsky, Minister of the Interior, told foreign correspondents today.

"Bulgaria has no aggressive intentions against anyone, and is not preparing for war against any country," Gabrovsky said.

In denial of reports published abroad, the minister said there had been no general mobilization of Bulgaria's armed forces. He also denied there had been any declaration of martial law.

"The Bulgarian situation is perfectly calm and no pressure of any kind has been exerted on the Bulgarian government from any quarter," Gabrovsky said.

TAXI STRIKE ENDS

SEATTLE (AP)—One hundred taxis of Yellow Cab Company were back at their stands today after a brief one-day walkout in a wage dispute. The present wage agreement of \$5 a day with the Seattle Taxicab Owners' Association has three years to run, but the Taxicab Drivers' Union asks a voluntary \$1 a day wage increase. E. B. Fish, association labor counsel, said negotiations were progressing "amicably."

Would Limit Profits

WASHINGTON (AP)—Treasury Secretary Morgenthau told Congress today he believes all profits in the United States should be limited to 6 per cent during the current emergency. He said he feels "much more stringent" excess profits taxes will be necessary, especially if the government means to ask all segments of the population to make sacrifices to carry out the defence program.

3rd Traffic Death

Gardener Killed Crossing Street

The third traffic death of the year in the city occurred today when George Hickman, 50 years, 841 Old Esquimalt Road, died shortly after being struck and dragged by a street car at Government and Johnson Streets.

The accident occurred at 7:45 when Hickman was walking across Government Street from the east to the west curb in the pedestrian lane, traffic investigator Sergeant John Blackstock said.

A south-bound street car operated by Thomas Leahy, 27 Burnside Road, started across Johnson Street when the traffic signal changed while Hickman was still crossing, the police report stated. He was dragged 59 feet receiving fatal head injuries.

Constables Thomas Stevenson and Norman Bath rushed the injured man to Jubilee Hospital in the police ambulance. Death was pronounced at 8:10 by Dr. H. L. Dobson. Dr. Samuel Janowsky also attended.

Hickman, a landscape gardener, is survived by his wife and five-year-old daughter, Mary Dianna, at the family residence. He was born in England and had come to Victoria about 12 years ago from Australia.

Inquest into the death will be held Friday or Saturday at Sand's Funeral Parlor which is in charge of funeral arrangements.

Police ask any eye-witnesses of the accident to call at the City Police Station, Flisgard Street.

Butter Prices Down

Wholesale butter prices dropped a cent here today. Prints went down from 37 cents to 36, one pound cartons from 38 cents to 37 and quarter pound cartons from 39 to 38.

Discussion in Tokyo

Pro-Axis Japs Squelched

TOKYO (AP)—The Japanese government today squelched the plans of the fiery Seigo Nakano and his pro-Axis Tohokai group for a series of rallies Saturday celebrating the first anniversary of Japan's alliance with Berlin and Rome.

"We want to celebrate this event with dignity, so we do not want meetings everywhere," said Koh Ishii, government spokesman, in announcing cancellation of the nine downtown speeches.

that Nakano had arranged for the avowed purpose of drumming up enthusiasm for the Axis, and the celebration which the East Asia Development Corporation had planned at Hibiya Hall.

The only observance of the anniversary will be a meeting sponsored by the Imperial Rule Assistance Association and the Tokyo municipal authorities in Kanda ward, a district sufficiently isolated so foreigners are not likely to notice it.

Weeping Shah Flees Iran

TEHERAN, Iran (AP)—A grimy motorcade of limousines bearing the former Shah of Iran into exile was reported tonight near the wild desert frontier of Baluchistan.

With the deposed ruler on the dusty trek were his wife and three sons, but whether \$4,000,000 worth of royal jewels also were with him or safe in a steel vault here was not known.

By the time a parliamentary committee completes an inquiry

into the mystery of the gems, the Shah, said to be despondent and given to spells of weeping, expects to be deep in India preparing, if possible, to continue to South America.

Even conservative estimates of his wealth in Britain, the United States and other countries, accumulated from oil revenues and other monopolistic industries in Iran, place the total at more than \$50,000,000. Some put it as high as \$300,000,000.

Relief Allowances Up 10%

The provincial government today decided to increase unemployment relief allowances by 10 per cent to meet the increased cost of living.

Premier Pattullo said the increase will be effective on October allowances.

No decision has been made with regard to cost of living bonuses for civil servants or others on government allowances.

Previously the government has made representations to Ottawa for increases in old age pensions.

The 10 per cent jump in relief allowances is in addition to a 10

per cent increase in food allowances for the unemployed granted last December.

It will cost the government about \$20,000 on the relief bill which now runs \$200,000 a month. Municipalities pay 20 per cent of the cost of relief and will have to bear their share of the increase.

The standard provincial relief scale for a man, wife and three children now works out at \$35.60 a month. This will be increased to \$39.16.

For unemployables the family of five scale is \$41 a month. This will be raised to \$45.10.

KENTS 641 YATES

3 Men Drowned

SIoux LOOKOUT, Ont. (CP)—Word has been received at this northwestern Ontario town, 260 miles east of Winnipeg, of the drowning September 19 of three men in Dog Lake rapids, about 60 miles north of Sioux Lookout.

Drowned were Abundus Paquette and Oscar Duchesneau, both of McDougall's Mills at Dog Lake rapids, and Joseph Appuette, whose home address was given as Terrebonne, Que.

It's a good idea to pick your friends—but not to pieces.

1,600 U.S. Vessels May Soon Be Armed

WASHINGTON (AP)—The arming of American merchantmen today became the next probable move in the shoot-on-sight campaign to make the "defensive waters" of United States an unhealthy hunting ground for Axis raiders.

It would necessitate modification of the much-debated Neutrality Act, and it might eventually involve the stupendous technical job of furnishing guns and gun crews for more than 1,600 ships—two problems receiving study at the White House.

President Roosevelt, however, told his press conference yesterday a decision on the Neutrality Act probably would be forthcoming next week, and he hinted strongly at its nature, in one respect, when he said the United States probably is headed toward the arming of its merchant marine.

Mr. Roosevelt bracketed that hint with the statement everything would be done to protect American shipping—an assertion quickly endorsed by Senator Warren Austin of Vermont, assistant Republican leader, who has consistently supported the administration's foreign policy.

Emphasizing he was speaking as an individual, Austin told reporters there should be unified national support of any move to bring about outright repeal of the Neutrality Act.

It was silly to assume, he added, the United States is neutral. "Now we are embarking on a sort of naval warfare, confined to our own defensive waters," he said. "When we are ready and if it becomes necessary to defend this hemisphere, we will take other steps."

Austin's attitude was not

shared by Senator Charles Tobey (Republican, New Hampshire). Tobey charged the "Neutrality Act is being evaded and avoided at every turn," and he said the arming of merchant ships would be only "another of a sequence of events that are bringing us into active warfare."

GERMAN OPINION

BERLIN (AP)—German spokesmen asserted today President Roosevelt's statement concerning the freighter Pink Star merely confirmed that Germany acted according to international law in torpedoing the vessel.

The ship was armed, was conveyed by enemy craft, and carried the flag of Panama, not of the United States, they stated.

"Whoever accepts an enemy convoy becomes a constituent part of an enemy formation," they asserted.

"Roosevelt, by his description of the incident, himself revealed the perfectly correct procedure of the German submarine."

Quick-frozen chicken will be served to U.S. army troops during manoeuvres in the Carolinas this autumn.

London Meeting

Pools of Food To Feed Europe

LONDON (CP)—The interallied council meeting in the green-walled picture gallery of St. James' Palace pledged adherence today to the "common principles of policy" contained in the Roosevelt-Churchill declarations, and promised effective co-operation.

British Foreign Secretary Eden proposed creation of a vast pool of food reserves for supplying Europe in the emergency period after the war—a plan upon which the United States already has been consulted. The foreign secretary read a letter from United States ambassador John Winant declaring the undertaking to be "of great prospective usefulness."

A resolution embodying the proposal was adopted without dissent.

In dealing with the Atlantic Charter, Mr. Eden explained the United Kingdom and the Dominions were not mentioned in the preamble of the resolution before the conference because the United Kingdom was a party to the original declaration and "the Dominions are already associated with it."

MAKE PLANS

Mr. Eden's resolution called on each of the allied governments to prepare estimates of food-stuffs, raw materials and other articles of "prime necessity" which would be required by their countries. He explained a large portion of these commodities would have to come from the United States and British Dominions.

The Netherlands, Polish, Belgian, Norwegian and Czechoslovak governments already are taking initial steps to prepare estimates of their needs, Mr. Eden said.

The interallied council is composed of the following governments—several of them in exile as a result of German occupation: Britain and her Dominions, Russia, Belgium, Czechoslovakia, Greece, Luxembourg, the Netherlands, Norway, Poland, Yugoslavia and Free France.

Representing Canada in High Commissioner Vincent Massey's absence was Frederick Hudd, secretary of Canada House, who was one of 31 men around the conference table.

Regarding the food plan, Mr. Eden said he had given Mr. Winant "assurance that the United States government will be kept fully informed of the discussions" both at today's meeting and later.

The United States, he said, "will be consulted before any concrete plans are decided upon."

"We have also previously had some contact with the United States government in regard to treatment of surplus productions," Mr. Eden said, "and we know they are deeply interested in planning for a co-ordination."

ANNOUNCEMENTS

AMORC, Rosicrucian Order, Victoria Lodge, announces Frater Merritt-Gordon, Regional Grand Master for Canada, will address a public meeting in the Orange Hall, 725 Courtney Street, 8 p.m., Friday, September 26th. There will be no charge for admittance and no collection.

Celebrated Lecturer Madame La General Taufflieb, St. Mary's Hall, Yale Street, Oak Bay, Monday, September 29, 8.30 p.m., 50c; Oak Bay Red Cross, Subject, "The European Picture."

Direct from London, England, are lovely fur coats very suitable for the Victoria climate—thanks to the convey system they arrived a few days ago. Come and look them over, at Foster's Fur Store.

of stocks and marketing of some of the most important commodities, especially wheat and cotton."

Mr. Eden said the statement which the ambassador had authorized him to present today, indicating United States was interested, "shows that they will not be unwilling at the right time to join in framing plans for supply of Europe's needs on a basis of co-operation."

RUSSIA AGREES

A Soviet ambassador, Ivan Maisky, declared Russia was in agreement with the fundamental principles of the declaration and asserted the Soviet Union would defend the right of every nation to independence, territorial integrity and the social order and form of government of its own choice.

Before the vote was taken the Netherlands foreign minister, Dr. E. N. Van Kleffens, objected to point 4 of the Roosevelt-Churchill declaration, which provides equal access for all nations to world trade and raw materials, but "with due respect for their existing obligations."

Van Kleffens said the avowed aims of point 4, "cannot be attained if considerable exceptions to it were to be made. He pleaded for abolition of trade barriers and "discriminatory treatment in international commerce."

"We shall have to do away," he said, "with some considerable extent with measures designed to protect existing economic units. This will mean sacrifices for all." Van Kleffens reminded the council similar ideas of world-wide free trade had "found solemn expression" at the conclusion of the first Great War, but, he said, "We all know what became of it when the snowball of protection was set rolling until it became so large it was a serious obstacle in the path of international trade."

Maisky was one of the first speakers.

"Consistent application of these principles," he said, "will secure the most energetic support on the part of the government and peoples of the Soviet Union."

The most pressing task before the allied governments, he said, "is correct allocation of all economic resources and war supplies with a view to early liberation of all European peoples now oppressed by Hitlerite slavery."

Mr. Eden welcomed Maisky as a representative of a people who are "defending themselves with a courage, tenacity and skill which have won the admiration of the world."

Maisky said the U.S.S.R. had consistently respected the "sovereign rights of peoples" and declared it would "defend the right of every nation to independence and territorial integrity on its country and its right to establish such a social order and to choose such a form of government as it deems opportune and necessary for the better promotion of its economic and cultural prosperity."

Fined \$4,000 For Smuggling

VANCOUVER (CP)—Martin Jacoby, 57-year-old Vancouver jeweler, today was fined \$4,000 with an alternative of three years' imprisonment, when he pleaded guilty in assize court before Chief Justice Aulay Morrison to a charge of conspiring with Leo E. Morland, New Zealand mining engineer, to smuggle \$57,000 in gold bullion out of Canada.

Jacoby's counsel said the fine would be paid.

Morland is now serving a prison term in the State of Washington for smuggling gold into the United States. He was convicted following discovery by U.S. customs officials of 57 bars of gold hidden in his car when he attempted to cross the border from Canada to the United States.

Jacoby also pleaded guilty to a charge of attempting to mislead H. L. N. Priestman, an inspector of the foreign exchange control board. Chief Justice Morrison suspended sentence.

The chief justice ordered gold to the value of \$1,200, part of which was seized here by the R.C.M.P. and part turned over by Jacoby, retained by police.

OTTAWA (CP)—Provision of a cost-of-living bonus for dependents of men on active service and removal of the limitation of allowances to two children are being urged on the government in renewed representations from the Canadian Legion.

Esquimalt Housing Still at Deadlock

Esquimalt municipality and Wartime Housing Limited are still deadlocked over terms on which proposed dwellings for shipyard workers may be erected in that municipality.

At a special meeting Tuesday of the Esquimalt council, attended by R. W. Mayhew, M.P., and a Vancouver representative of Wartime Housing Limited, the Esquimalt council reaffirmed its former stand, agreeing to lease property, but not to deed it to the crown for housing sites.

Reeve Alex Lockley said after the meeting, which was in committee and closed to the press, that a site consisting of 60 to 70 per cent of the lots on Colville Road had been suggested, but in view of the stalemate on terms of occupation no action was taken.

Direct from London, England, are lovely fur coats very suitable for the Victoria climate—thanks to the convoy system they arrived a few days ago. Come and look them over, at Foster's Fur Store.

Which Stalk

is FULL-VALUE for your money?

Funny thing about celery. It's commonly priced at so much a stalk.

Yet one stalk may give you as much as 40% more celery than another. How can you tell which one you get?

Safeway doesn't believe in asking you to gamble like that.

At your Safeway, celery is priced by weight. You simply pick the exact size celery stalk you want... and the weight of that particular stalk determines the price you pay. You get FULL-VALUE for your money—every purchase!

This full-value plan applies not only to celery. Safeway has extended the sound plan of pricing by weight to every kind of fruit and vegetable we sell.

All the many advantages of pricing by weight are available to you at your Safeway produce department—on every item you buy! Why don't you come in and see what it means in more for your money?

Many prominent women tell us they would like every store in town to price all fruits and vegetables by weight. Then you could get just the amount you want, just the sizes you like, and full value for your money every time. Wherever you trade, why don't you ask your store man about it?

U.S. Hyde Park

'Battle of Fifth Avenue' Rages on Foreign Policy

By WILLIAM PINKERTON

NEW YORK (AP)—Along Fifth Avenue, where every shop-window dummy is a Garbo and the prices are quoted "and up," the solitary fiddlers and the window-dressers have run into competition for the gawking attention of evening strollers.

A man sets up a stepladder with a flag pole in it—in front of St. Thomas' Episcopal Church, or Bonwit-Teller, or McCutcheon's linen shop.

When the ladder is steady on the sidewalk the man climbs up and delivers a speech. A man who's got what it takes can collect a crowd of 30 or 40 people in 15 minutes.

The speech is always about America's foreign policy in a world at war. The language may be anything from old-fashioned rhetoric to bar-room free-style. No holds barred. Sometimes the facts sound a little goofy. Sometimes the speaker's voice breaks in the wrong places.

AMERICA FIRST

These off-hour lecturers are volunteers working for America First, which opposes President Roosevelt's foreign policy, or for Fight for Freedom or the Committee to Defend America, which support the President.

Some nights there are eight or 10 corner meetings going along New York's main shopping lane. The strollers call it "the battle of Fifth Avenue."

America first started the Fifth Avenue political debate last April. The pro-administration orator, who had been meeting the anti's challenge in the outlying precincts, followed them into town.

The street speech is not the spontaneous uprising of a man who feels a talk on his chest. It is planned strategy in a large-scale political campaign—in the campaign over foreign policy.

"We can't expect to convert dyed-in-the-wool isolationists," admitted a Fight for Freedom official. "But we can have some effect on people who are on the fence. And we can give encouragement to people who are already on our side, and spur them on to work harder for our cause."

But the Battle of Fifth Avenue is small pumpkins in the big debate. The street meeting rage has not caught on generally across the land.

Elsewhere the argument goes on in the big mass meetings where the speakers with crowd-drawing names appear. They drew crowds of thousands to hear men like Charles A. Lindbergh, Burton K. Wheeler, Gerald Nye, Hamilton Fish, Norman Thomas; or, on the administration's side, people like Wendell Willkie, Dorothy Thompson, Claude Pepper, Herbert Agar, Lewis Mumford.

BIG RALLIES

The big rallies usually bear the name of one of the two big committees—the America First Committee (anti-administration) or the Committee to Defend America (pro-administration).

The smaller groups have less frequent rallies, for running a meeting of coliseum size is an expensive venture.

The street crowds have their own ideas about things. You can hear the booing and the applause. You can hear the murmurs: "Nuts... sez you... he's right... give it to 'em... He makes me sick." And you can hear the fleshy woman mumbling as she waddles away: "For the love of Mike—"

When the speakers fold up their ladder to move on to another corner, furious debates break out in the crowd.

The police break it up with a little pushing and: "All right. Move along. Meetin' over."

Canadians 'Outraged' By Strikes—Hepburn

NEW YORK (CP)—A warning that the North American continent may have to face the full might of the dictators alone unless America's factory production is kept going, was coupled by Premier Hepburn last night with a condemnation of strikes that interfere with the war effort.

He warned against listening to those who say "the British navy will help us defend our eastern coastline" if Germany gets control of all Europe, including Russia's "inexhaustible" supplies.

Should Germany succeed then with her conquest of Britain there will be no British navy, Mr. Hepburn said, for "the tradition of the navy is to go down with the ship, and the British sailors will fight to the last man in defence of the island fortress they love so well."

Praising the leadership of Prime Minister Churchill, President Roosevelt and Wendell Willkie, the Premier said: "This, however, is not a leaders' war. This is a people's war... so in these days of stress and strain we are all charged with the responsibility of shaping public opinion."

Eire Facing Hard Winter

By MICHAEL ROONEY

DUBLIN (AP)—Neutral Eire is tightening her belt for a hard winter.

Prime Minister de Valera has warned his country that because of its geographical situation it must suffer the effects of a virtual blockade.

"We are not going to go hungry," says Agricultural Minister James Ryan, "but there are a lot of things we may have to do without."

Most serious shortage may be of British coal. Stocks in the country are very low. Some merchants are unable to supply their customers with the meagre ration of a quarter ton a month. The railways are feeling the pinch and services have been curtailed.

The Eire government is directing an intense drive for increased production of peat, present in the Irish bogs in millions of tons.

Petrol is still being imported in small quantities. Private motorists receive an average of about four gallons a month, and the result is that most of the private cars are off the road. Dublin city bus services have been reduced. No bus now runs after 11 p.m.

Harvest prospects are good.

Civilians Help Naval Crews

By LARRY ALLEN

ALEXANDRIA, Egypt (AP)—Fifty civilian volunteers, including two Americans, are helping naval crews keep down-to-dusk vigils nightly to protect the British Mediterranean fleet from air-borne Axis mines.

They work from a half dozen or more small boats in Alexandria harbor under direction of Cmdr. Ralph Duckworth. They spot the positions at which German and Italian planes drop mines, then mark each position with a sinker and float.

Navy officers take over each morning and destroy the mines. They are exploded with gunfire.

Admiral Sir Andrew Cunningham, commander-in-chief here, gave the job of organizing the civilian patrols to Col. Edward Peel, cotton exporter decorated during the first Great War.

Among the volunteers were Judge Jasper Brinton, 62, a member of the Alexandria mixed courts, and his son, John Brinton, 27, both of Philadelphia.

The navy supplies helmets, fuel and other essentials. The spotters provide their own food and clothing, most of them appearing in blue overalls or oil-stained shirts and trousers.

Mrs. Valerie Goodchild Kensington, secretary of the British Boat Club, is secretary of the minespotter patrol. Each evening at dusk she goes to the harbor and issues sailing orders. Often she boards a boat to spend the night on the watch for mines. "It is very thrilling," she said, and added: "After all, a rowboat is a much smaller target than my home in Alexandria."

People in the News

DISDAIN

"Ah... R-R-R-Ribbentrop!" rasped Soviet ambassador IVAN MAISKY at an American Chamber of Commerce luncheon in London, pointing with a gesture of distaste to the German foreign minister's signature in an autograph album on a page reserved for ambassadors.

Informed Ribbentrop, a former German ambassador to Great Britain, once had occupied the seat where he was to sit at the table. Maisky grinned and wrote his name in huge characters—directly above Ribbentrop's.

MAE WEST WINS

FRANK WALLACE lost his \$1,000 a month temporary separate maintenance suit against Mae West in San Bernardino in a ruling that questioned his good faith in bringing the action against his actress wife.

"There is nothing in this case that would convince me the plaintiff is not motivated by profit in filing this action," said Superior Judge Charles L. Allison.

Judge Allison said Wallace married Miss West in 1911, separated from her one month later, and then married Raye Blakesley, with whom he lived 19 years. In all that time, the judge asserted, Wallace never tried to find out if Miss West had obtained a divorce.

FOR CONSCRIPTION

BEVERLEY BAXTER, Toronto-born member of the British Parliament, in Winnipeg told a Canadian Club luncheon audience that conscription has become something more than calling up men—it is a symbol of confidence in democracy itself.

Mr. Baxter said Britain's experience with conscription has been a valuable experiment in bringing classes together, producing common citizenship and a sense of responsibility.

DINNER WITH TROOPS

HON. R. B. HANSON, Canadian House of Commons Conservative leader, and his party, had dinner "somewhere in England" with Lt.-Gen. A. G. L. McNaughton and other senior officers of the Canadian corps at their headquarters.

Accompanied by Gen. McNaughton, the party saw a casualty clearing station and tramped along a new road opened a few weeks ago by Prime Minister Mackenzie King.

Major Fred Bonnell of Vancouver explained the hospital equipment.

2 Miners Trapped

VAL D'OR, Que. (CP)—Gold miners at the East Malartic mine were working frantically today in an effort to release two men buried deep in the workings since 11 o'clock last night.

The men trapped were Edward Cyr, 38-year-old father of eight children, and Angus Finlayson, 24.

Just how the men became trapped was not known immediately.

Reversibles that "LOOK LIKE SOMETHING"

C.C.F. Platform

Full Partnership For Labor Asked

VANCOUVER (CP)—Arthur J. Turner, president of the British Columbia C.C.F. party last night pledged his party, if elected in the provincial election October 21, to press on the Dominion government "that labor be adequately represented on all important committees as is done in Great Britain" and that there be "greater equality of sacrifice than now exists," in the war effort.

"Labor must not be treated as a beggar at the back door," Mr. Turner said. "Labor must be made a full partner in the national effort. A C.C.F. provincial government would press these important issues on the Dominion authorities."

Mr. Turner declared that "... had the government taken labor into its confidence, consulted with the chosen representatives of the unions, most of the disputes of recent months could have been avoided... Instead of regarding the industrial workers as a very important part of the nation, they have been treated as menials who must accept an ever-increasing cost of living without protest and be satisfied with any crumbs that may be handed out by an unsympathetic government."

In the provincial labor field, Mr. Turner pledged his party, if elected, to enact legislation to extend the right of labor organization and improve working conditions and expansion of workmen's compensation principles and accident prevention.

Other planks of the party program which Mr. Turner enunciated included establishment of a planning board to co-ordinate provincial administration, public ownership of the natural resources of the province, government monopoly of brewing and distilling, improvements in social insurance, an end to what he termed "political patronage in public affairs," changes in "a planned and regulated production on high quality farm products on a basis of real farm efficiency."

Mr. Turner said "as a prerequisite to national unity and maximum production, the C.C.F. stands emphatically for war effort without profit." He said "millionaires in Canada now number over 480 with more being made as the war continues."

"The C.C.F. places special emphasis on improvements in social insurance," the party president said. "In a country so richly endowed as British Columbia, no government should rest content until complete social security has been achieved. We propose an all-inclusive health insurance policy."

Wisdom has a bad habit of coming with the years in which it isn't needed.

Canada Peat May Be Used If Coal Short

OTTAWA (CP)—Peat reek curling from chimneys in Canadian cities has always spelt full emergency in the past and it may well be seen again before the war is over, it is said by sources close to Canada's fuel problem.

Warnings have been given that a shortage of coal is possible and transportation facilities which bring coal to the industrial centres of Canada are taxed by wartime burdens. Fewer ships will probably mean less imported coal from overseas and exchange rates discourage buying in the United States.

"Industrial disorders in the United States in 1917-18 and in 1921-22 forced Canadians in Ontario and Quebec, which import their coal from other provinces or across the border, to make a

study of peat resources and on several occasions peat was used in city homes due to shortage of other fuels," one authority said.

"There is every probability that before the war is over we may have to look to these peat resources—37,000 square miles of them—as an auxiliary, emergency fuel."

The peat situation in Canada has been thoroughly investigated and large amounts have been spent in finding how the best use can be made of it, officials said. It has never been claimed peat was as good as coal but as an "emergency fuel" it served a useful purpose.

Dominion surveys have shown there are at least 107 peat bogs in Canada, with Ontario having 46 containing an estimated fuel content of 113,513,000 tons and Quebec 27 with 76,176,000 tons.

Whatever use is made of peat as an emergency fuel in Canadian cities, it will not be available in quantity until next year. Recent Mines and Resources Department reports showed that only 10 individuals and companies were in peat fuel production activities in 1940 with a limited production for marketing.

WEDNESDAY, SEPTEMBER 24, 1941

R.A.F. in Russia

SEVEN GERMAN MESSERSCHMITT planes destroyed at the cost of only one of its own is the first official report of the activities of the Royal Air Force on the Russian front. We are told that the officers and men who have been sent to assist the Soviet Union in the sky are truly representative of the British Commonwealth; Britons, Canadians, Australians and New Zealanders are there in force.

Although it may take some time to contribute an appreciable number of machines and aviators to Russia's fight against the common enemy, the fact that Empire fliers already are on the job where they are most needed will obviously encourage our valiant ally. Incidentally, it may impress some of the skeptics in wavering neutral countries whose comments on aid to Russia in recent days have been anything but flattering to the resourcefulness and determination of Great Britain and the United States.

No assistance which the democracies can send to the Soviet Union now and in the coming months will be too much. It may be that a large volume of supplies destined for Great Britain from American factories will have to be diverted. But the important fact still remains that any damage done to the Nazi machine on the eastern front is a practical contribution both to the Battle of Britain and the Battle of the Atlantic. If the forces of the Soviet Union can be strengthened sufficiently to keep the enemy engaged through the winter, victory not only is assured, but will be brought considerably nearer.

In Jugoslavia

AS WE IN CANADA HAVE NOW RE-consecrated ourselves to the task of freeing the world of Hitlerism, as we turn out our dollars to make good our resolve in tangible form—in the purchase of War Savings Certificates and by the exercise of good citizenship generally—it may be as well to look again at what is going on in those countries overrun by the German war machine, if only to bring ourselves face to face with realities. We have in mind information which has just reached Dr. Miha Krek, head of the Slovenes in London, from a trusted agent who is surveying the general situation in Jugoslavia.

The narrative begins with the plain statement of fact that 300,000 Slovene men, women and children have now been transported from their homes in Jugoslavia in cattle trucks, without their belongings, for forced labor in the Reich. The only young people left behind in Slovenia are girls and women between the ages of 16 and 24; these have been branded by the German occupying forces on the back of the hand with the words: "Freies Militemaechchen"—which consigns them to a life with Hitler's soldiery in comparison with which death probably would be far more acceptable. Yet there are people on this continent who think democracy should try to live side by side with a concept of government by force and tyranny which sanctions the deliverance of the womenfolk of a defeated country to the mercy of beasts in jackboots.

All churches and schools in Jugoslavia, of course, have been closed; all food and cattle stolen without even paper receipts. Typical of the German attitude toward the church is the case of the parish priest of Slovenjgradec, near the frontier, who was made to sweep the main street on a Sunday morning, and gather up manure with his hands. He is 68 years old. To end this medievalism, and to restore the world to a condition that will permit of no repetition of the horrors of this day and age, is the job to which the Allies are committed.

History Repeats

REVOLT IN THE CONSERVATIVE Party of British Columbia flared up again in Vancouver on Monday night when Mr. W. C. Thompson, president of the Vancouver-Centre Conservative Association, refused to allow his name to go before the nominating convention as a candidate for that riding in the forthcoming election because he did not wish to be "repudiated." He had in mind, of course, oppositionist leader R. L. Maitland's refusal to accept Canon Joshua Hinchliffe as the Conservative standard bearer in North Vancouver, despite the fact that the Minister of Education in the Tolmie government of 1928-33 had been chosen by a regular convention.

The former cabinet member's party error, and consequent fall from grace, was his statement to the delegates from the constituency across the inlet that while he agreed with the policy laid down by Mr. Maitland "for the most part" he could not blindly support it in its entirety—a cardinal departure from the best traditions of well-groomed and orthodox Conservatism. On this point Mr. Thompson advised Monday night's convention:

"I have found that the Conservative Party is in control of a small number of men. Possibly I don't talk their language. They didn't see fit to approve of me as a candidate."

It is not for us to question the Vancouver-Centre president's explanation of the reason why he did not wish to be "repudi-

ated" by anything he said at the meeting, or why he did not desire "to embarrass the leader by allowing my name to be placed in nomination." His case and the more important case of Canon Hinchliffe, however, have drawn attention to an aspect of the provincial election campaign which assuredly will not be lost on the general public: Mr. Maitland and his party are about to ask the voters of British Columbia to exchange a government with a record of achievement unsurpassed in provincial history for an administration of untried public servants—at a time, moreover, of national emergency never paralleled in Canada.

It would be insulting the intelligence of the electors of this province to describe for them the unavoidable and dangerous dislocation of normal business, and more especially the smoothly-running wartime collaboration between the Dominion and the province, such a complete change in the principal governing body would occasion. Nor is it necessary to remind them of the internal disintegration which set in within the ranks of the Tolmie government a year before it met its Waterloo at the polls in 1933. Mr. Maitland was a member of that administration. In other words, the public is witnessing now the type of confusion and frustration which beset the Conservatives during the last of the five years they clung to office. Surely North Vancouver and Vancouver-Centre will be a warning to the electors when they hear the spurious cry that it is "time for a change." Small change, indeed, they got out of the turnover in 1928.

'Jimmy' Butterfield

OUR FRIENDS ON THE STAFF OF THE Vancouver Daily Province and readers of that journal everywhere will miss "The Common Round" in the third column of our contemporary's editorial page. It appeared until a few days ago under the signature of "J. Butterfield." But the Grim Reaper has written "30" to his daily contribution to the newspaper he had served for 20 years—and "30" to a colorful life. "Jimmy" died at Penticton yesterday; he had gone there some months ago in the hope that he might regain some of the strength and vigor of which an indifferent state of health for several years had robbed him. It was not to be. "Jimmy" Butterfield was an artist in his calling. He possessed a profound knowledge of the classics, a mind rich in history, a keen sense of perception which enabled him to read the unfolding scene and interpret it with the most facile of pens. He wrote with the ease that is the goal of all men and women of the newspaper trade; his training in the purist school served him well on those occasions when he did battle with his critics and contemporary intellectuals. Hypocrisy in any form fell apart under the impact of his rapier-like thrusts. "Jimmy" was an institution in himself. We shall miss him.

More Canadians Pedalling

MANY ARE THE JOKES THAT HAVE been cracked about Canada going "back to the bicycle," in much the same tone as those about "giving it back to the Indians." But, as so often happens, while the jokes are being made, the thing itself has occurred. The country really has gone back to the bicycle. More bicycles are being built—for one, however, seldom any longer for two—than ever before. The pictures from the Bicycle Age of the Gay Nineties are still amusing, and nobody stops to think that more bicycles are built today and ridden than ever there were in the days when Daisys were being imported for her answer true. Steel and gasoline shortages have speeded up the building of bicycles, but the business was booming before that, and last year saw new records, with 1941 going higher still. Canadian pedals may yet help to strip Goering of his medals.

Notes

Another human ailment rather difficult to live with is the superiority complex.

The army prefers untrained cooks. It shows the boys they didn't miss anything by not being bridegrooms.

One way or another, the fit support the unfit. When you buy insurance, you pay for the wrecks of careless drivers.

PREJUDICE IN THE OPEN

From Winnipeg Tribune
The experience of Mae Kozak, a Canadian teacher of Ukrainian origin, as told in the Toronto Star, is a shocking case of blind prejudice and ignorance. For a loyal Canadian to be required to give up a position as teacher (after all the other qualifications, including loyalty, were apparently satisfactory) on the grounds of racial origin, is an intolerable tyranny to which no free Canadian should be forced to submit.

The signers of the petition for her removal acted like a mob, not as thinking and individual ratepayers; otherwise they would have considered how their action smacked of the very Hitlerism Canadians, like all free peoples, are fighting.

But the case of Mae Kozak, bad as it is, has its brighter side. It has brought prejudice into the open, to be flayed by sturdy newspapers all over Ontario. Such important dailies as the Hamilton Spectator, the Kingston Whig-Standard, the London Free Press and the Woodstock Sentinel-Review doubtless reflect the indignation of their readers at this black mark against an Ontario community. Other parts of the Dominion will be glad to learn that Hampton district by no means represents the spirit of the province, quite the contrary. The press of Ontario rose up and smote intolerance effectively.

There is another happy sidelight. Miss Kozak has a new and better teaching post in a more enlightened community

Bruce Hutchison

PROTEST

AN AMERICAN JOURNALIST of more than usual penetration has been up to British Columbia and has fallen in love, as is customary, with Victoria because it is so quaint, old-fashioned and romantic. (Even the facilities behind the City Hall bear the splendid name of Fiddler's Green and romance can go no further.) But this acute observer from the United States doesn't like Vancouver. She doesn't like Vancouver because, even in the great Vancouver Hotel, they brew their tea with tea bags.

Now this is sound observation indeed. I wish it could be applied only to the Vancouver Hotel. Alas, the criticism is universal. Everywhere they brew their tea with tea bags. You cannot escape the tea bag no matter where you go. And the tea bag is not only the assurance that you will get bad tea; it is a symbol of our civilization's decline. People can't be bothered to make tea properly. They throw a bag of tea into a pot and empty some hot water on it and charge you 10 cents. It is typical of an age which has lost its bearings and is too busy to do anything properly.

I have always held, of course, that nobody knows how to make tea in any city. Occasionally you will find a household where a very old lady may retain the lost art of her grandmother. She will heat the pot first and she will make the tea with boiling water, a teaspoonful for each person and one over for the pot. (This last is the vital teaspoonful, of course.) And she will surround the pot with a tea cosy that looks like an admiral's hat. No tea is any good without a cosy. It adds the final touch of flavor.

However, even the old ladies really do not understand the art completely. The only perfect tea is made out of doors in a billy can, well blackened. I suppose a new can would make a kind of drink, but not real tea. No, the billy can must be blackened from many camp fires until it has acquired some of the flavor and virtue of the forest and the flames.

Into such a receptacle you do not pour a specified number of teaspoonfuls. You throw in a handful, wildly, with your eyes shut, with a feeling of reverence and worship, as the natives of Yosenda cast fruits upon the sea for the sea gods. And then, contrary to all the rules of housewives, you boil the tea. Yes, boil it.

DESPAIR

THAT IS THE TROUBLE with America today. It does not boil its tea. It just pours hot water on a bagful of tea leaves, an affront to the tea, an insult to the palate. And that is why America drinks coffee. It has never tasted tea out of a billy can, boiled in the woods, under the stars, beside a camp fire.

When the world drank tea, it was quiet and thoughtful. Dr. Johnson drank 30 cups a day and became immortal. No one drinks 30 cups any more and there is no Dr. Johnson. Hitler, I am quite sure, is no tea drinker. A tea drinker never gets like that; that is, a real tea drinker, in the woods, beside a camp fire. If they had only taught Hitler to drink tea in the woods when he was young doubtless we would have escaped this war. When I think that no one in America is drinking tea any more, only colored water out of a cotton bag, I despair of the future.

DUTY

A GENTLEMAN who shall be nameless lately held me on a street corner with his glittering eye and told me what he thought of the Mackenzie King government. The government, he said, was not giving Canada an all-out war program. It was slack, sloppy and weak. What we needed, he said, was a government that would get tough and make people do their duty.

Next day I learned that this gentleman had just left for a month's duck shooting on the prairies. This, in various forms, is happening, no doubt, all over the country. Near me is a family which has almost given up using its automobile. The lady of the house walks two miles to a bus so that she may go to town and work in a patriotic organization. All around her neighbors use their cars as much as ever and the roads are almost blocked with traffic on a week-end.

How long is the government going to allow the willing people to economize while the others refuse to do it? How long are we to continue the farce of gasoline shortage and no effort to overcome it, except fancy slogans and the letter "V" on the windshields of cars that are going nowhere of importance?

For a year now this department has been saying that Canada is heading into trouble, into shortages, into inflation and into rationing. These warnings have been uttered so often that no one has paid the least attention. I never thought they would. But the time is coming now. Before spring, probably before midwinter, you will begin to know that we are at war. You will begin to know also that, up to now, we have not begun to pay the cost of the war. We never will pay it, we never can pay it unless the government gets much tougher.

Gasoline is only one small part of it. What we need in Canada is a complete war plan, which we now lack. We should decide on just how much of the national income we can live. Then we should cut down our demands to that, freeing everything else for the war. We have never thought of it that way. We have preferred to go along slowly, stage by stage. We shall get down to hard times within a year at most, but so far we have made no arrangements for distributing the hardship fairly.

Parallel Thoughts

Verily, I say unto thee, Except a man be born again, he cannot see the Kingdom of God.—John 3:3.

Death borders upon our birth, and our cradle stands in the grave.—Burton.

Barring None

By Burck

"Now, don't worry about the Russian winter, Adolf—We handle the weather reports!"

Elmore Philpott

REAL DANGER IN RUSSIA

In the past few days the British government has taken pains to impress the people with the gravity of the situation in Russia. What is behind this sudden change in tone? Grave as are the losses of the Soviet in the Ukraine they are not in themselves sufficient to indicate real peril to the Russian war position.

My guess is that the real danger centres around the possibility of a Nazi peace offensive directed, not at Britain and the democracies, but at the Soviet.

According to official British estimates the Red armies have suffered the staggering figure of 3,000,000 casualties. Probably Russia is much better able to survive this loss than the Nazis are able to stand their own casualties, which are estimated by the same source as 2,000,000. But if Hitler were able to deprive the Soviet of the productive power of Leningrad, and of the industries in the Don basin, and on top of that launch a really clever peace offensive, the self-satisfied complacency in our part of the world would be suddenly shattered.

I do not for a moment believe that Hitler has a chance to get the Soviet out of the war by any other process than by sheer physical force—and in spite of recent changes in the picture, believe the Red shirts will outlive their Nazi rivals. But the plain truth is that the idiots and bigots in our part of the world are talking and acting in a way which puts the deadliest of peace-offensive weapons in Hitler's hands.

Hitler really undermined the resistance of France with such whispers as "England will fight to the last Frenchman." Our Red haters are so short-sighted that they do not even see that their stupidities, intended for home consumption, are literally dynamite in the international field. For they have expressed actual pleasure at the slaughter of the sons of our ally. They are too plain dumb to foresee the uses to which those words will be put—much less to appreciate that collapse of Russia would leave, the still-free world in the most desperate position it has ever been in in the history of man.

OUR MOORE-BRABAZONS

Mr. Churchill did his best to take the jinx off the stupid utterance of Col. Moore-Brabazon, who happens to be not only a Red-hater but the official spokesman for production of the planes we have promised our ally, L'Action Catholique of Quebec, in its issue of September 4, makes this illuminating comment on the episode: "As could have been foreseen, the alliance with Russia is causing embarrassment which could become serious if the competent authorities fail to act with prudence."

"Because the chief of aircraft production expressed the hope for the mutual destruction of the Nazi and Red armies the Communist sympathizers in England are annoyed. Newspapers imbued with the same regards express identical sentiments. These pro-Stalinists say we ought to hope for a decisive and rapid victory by the Russians."

"If that unlikely thing should happen, the Allies, who properly call this war a defence of Christian civilization, would be seriously involved. It won't happen, but to appraise the actual danger it should not be forgotten. We are strongly interested in Soviet resistance; we are not at all interested in a quick victory." This astounding statement bears

WORK FOR BOY SCOUTS

From Liverpool Post

Liverpool Boy Scouts have recently completed the erection of their 250th indoor steel shelter, and are eagerly pushing ahead with these "good deeds" for citizens who are unable to erect their own shelters.

One Scout shelter-squad has become most proficient, and holds

a record for completing a shelter within 16 minutes.

The other day a telephone request came through to Scout headquarters in Tempest Hey at noon, and by 9 o'clock that evening the shelter had been erected by boys who, meanwhile, had done a day's work elsewhere. This is, indeed, a useful form of national service.

TWO HEADS ARE BETTER THAN ONE

THE BANK OF NOVA SCOTIA PROVIDES MANY SERVICES WHICH I USE EVERY DAY AND I FIND THE EXPERIENCE OF THE MANAGER OF GREAT VALUE IN DISCUSSING MY PROBLEMS AND MY PLANS FOR THE FUTURE.

Some people do not seek advice, but the majority like to discuss their affairs at times with someone in whom they have confidence. They realize that something can usually be gained through an outside opinion. Our Managers invite confidential discussion of your business plans and problems.

Fall Hats

Styles Most Favored This Season

The new Hats give a wonderfully dramatic lift out of the unrest of the times. The pompadour trend, both in wide brims and tipped pill-boxes, fit snugly to the head. The three-quarter profile is being given big play and is the most promising new silhouette for autumn.

From our well-assorted stock we can supply and suit those who have to budget carefully, as well as those who can purchase an exclusive model.

Weddings

WATSON—HAMBLY

In the presence of relatives and a few intimate friends a wedding was held quietly at 7.30 o'clock, September 19, at 813 Esquimalt Road, when Dr. A. R. Aldridge of Calgary, great-uncle of the bride, united in marriage, Ardith Arvourcen, second daughter of Mr. and Mrs. John Hamblly of Camrose, Alta., and Mr. Harold Clark Watson, youngest son of Mr. and Mrs. Thomas Watson, Victoria.

The bride, given in marriage by her cousin, Mr. James Cunningham, wore an air force blue suit of very fine wool, with applied scrolls of the same shade trimming the jacket, and a corsage of sweetheart roses with white heather. The bride's cousin, Mrs. James Cunningham, was matron of honor, wearing a black and white ensemble trimmed with Venetian lace. Her corsage was of red rosebuds set in the petals of a white gladioli. The groom was supported by his brother Mr. Elmer Watson.

A small reception was held at the home of the groom's parents, where autumn flowers were charmingly arranged throughout the rooms. The supper table was covered with a lace cloth, centred by a three-tier wedding cake, made by the bride's mother, set among tulle in which were tiny pink rosebuds.

Mr. and Mrs. Watson left later for a motor trip up the island and on their return will reside at 824 Wollaston Avenue.

HUESTIS—TEMPLETON

Of interest to many in Victoria is the wedding that took place in Chatham, Ontario, on Saturday, September 13, when Miss Margaret Harriett Templeton, only daughter of Mr. and Mrs. John Forin Templeton of Chatham, formerly of Victoria, became the bride of Mr. Albert Ralston Huestis, son of Mr. and Mrs. R. M. Huestis of Toronto.

The ceremony was performed in Christ Church Cathedral by Rev. R. D. Mess. The matron of honor at the wedding was Mrs. Ronald Mackinnon, while the maid of honor was Miss Noreen Payne of Vancouver, formerly of Victoria, and the junior bridesmaid, Miss Louise Rispin. The bridegroom was supported by Mr. Douglas W. Stevens of Hamilton, Ont., and the ushers were Douglas M. McArthur, Edgar

Provan, Stewart P. S. Kelly and R. C. Wilkinson, all of Toronto.

Following the ceremony, a reception was held at the home of the bride's grandmother, Mrs. W. E. Rispin of Chatham.

After spending their honeymoon in Quebec and in the Laurentian Mountains, Mr. and Mrs. Huestis will make their home in Toronto.

LEWIS—GIBSON

In a setting of autumn flowers, the marriage took place at Esquimalt United Church last evening of Mrs. W. J. Arden, 3156 Carroll Street, and Stoker Reginald Lewis, R.C.N., son of Mr. and Mrs. W. J. Lewis, Powell River, B.C. Rev. James Hood performed the ceremony and the wedding music was played by Mrs. W. J. Parry.

Given in marriage by her stepfather, Mr. W. J. Arden, the bride was pretty in her floor-length gown of white net with a short-sleeved bolero and a finger-tip veil falling from a halo trimmed with orange blossoms. She carried a sheaf of pink and white gladioli tied with blue satin ribbon and blue tulle.

She had four attendants. Her sister, Miss Dorothy Gibson, was maid of honor, wearing a bolero frock of turquoise blue sheer, and the bridesmaids, Miss Cora Lewis, Powell River, sister of the bridegroom, and the Misses Beatrice Sullivan, Pamela Grimston and Hazel Smith, were dressed alike in frocks of pale yellow chiffon with short-sleeved boleros. They all wore floral doll hats and carried bouquets of gladioli, roses and asters.

Mr. Robert Turnbull was best man, and the ushers were Messrs. Roy Gibson, Thomas Sullivan and Clifford Banner.

At the reception held in Hampton Hall, the bridal couple stood beneath a floral arch. The many guests were received by Mrs. Arden, in a blue chiffon gown with matching accessories, and by Mrs. Lewis, in wine chiffon velvet with corresponding accessories. They wore corsage bouquets of red, white and pink asters. A buffet supper was served, the bride's table being centred by the wedding cake, lighted with pale yellow candles and decorated with vases of flowers.

On their return from a honeymoon trip to Vancouver and Powell River, Stoker and Mrs. Lewis will reside in Victoria. The bride went away in a Rico brown dress, with a green hat, green fur-trimmed coat, black accessories and a corsage bouquet of orchids.

SERGT. F. M. WALLER

MISS GLADYS E. KITT

THE ENGAGEMENT IS announced of Gladys Eveline, youngest daughter of Mr. and Mrs. W. Kitt, John Street, and Sgt. Frederick Morran Waller, only son of Mr. and Mrs. F. W. Waller, Wilson Street. The wedding will take place quietly early in October.

Rummage Sale Will Aid China Relief

A rummage and white elephant sale to be held Saturday, October 4, at the offices at 737 Pandora Avenue, was planned at a meeting of the committee for medical aid for China held recently at 1684 Yale Street. The committee appeals to its friends for suitable articles for sale.

Miss Ruth Kipling, chairman, praised the splendid loyalty of the members and the expansion which had taken place in the work, and thanked all who had made it possible.

Two thousand one hundred and fifty dollars had been sent to Hongkong in the 11-month period since the last meeting, the treasurer reported. At the end of last year, the monthly contribution for Chinese relief sent to the China Defence League in Hongkong had been increased from \$100 to \$200 and now it was being augmented by another \$100 to \$300 monthly, which sum the committee hoped to be able to maintain.

The secretary gave a statement of the work done in obtaining a gift of Canadian wheat for China, not yet sent because of lack of shipping space; the sale of Christmas cards last year and the request to members to co-operate this year in selling these distinctive Chinese cards, which will be here shortly from China; holding of three rummage sales; obtaining of 64 blankets re woven from wool sent to Winnipeg; the placing of boxes in Chinese stores in Port Alberni, Nanaimo and Duncan; revenue from the sale of seeds, lavender and oddments from the office window and plans to invite the Chinese aviator, Miss Lee Ya Ching, to speak in Victoria.

Votes of thanks were passed to the press without whose co-operation the work would be much more difficult, to Miss Lena Mitchell and the members of the staff of the Royal Jubilee Hospital responsible for the invaluable assistance rendered in sterilizing bandages and dressings and to the many contributors, some anonymous, without whom the work would be impossible.

It was decided to have the exquisite doll, which with its elaborate wardrobe, including elderdown and bed linen, which attracted so much attention at the exhibition, brought down to the office for the further sale of tickets, as soon as arrangements could be made to display it if possible next week. The bracelet, hand-made cloth, and etchings from Peiping were awarded to the lucky winners on the last night of the fair.

At the request of the chairman, it was agreed to hold general meetings in September, January and May, each year.

War Savings Theme At Church Luncheon

As a culmination to the harvest festival celebrations held Sunday at the Metropolitan United Church, a successful luncheon was held yesterday in the school-room of the church by the Women's Association.

Rev. A. E. Whitehouse, D.D., the pastor, acted as chairman and introduced Mrs. H. P. Hodges, who spoke briefly in behalf of the War Savings campaign. She touched upon reconsecration week, just ended, and of the need for an all-out effort on the part of every individual, if victory is to be achieved. The speaker also introduced three

little war guests, here from England for the duration, Miss Stella Phillips of London, Eng., and Frank and Thelma Ossulton of Newcastle-on-Tyne.

The program concluded with the showing by Mr. W. A. MacDonald and Mr. B. Stevenson of the British Columbia Government Travel Bureau, of movies with sound effects of "London Can Take It," "Canada Carries On" and "Coastal Defences."

Jackson Dodds On Banking Tour

Jackson Dodds, general manager of the Bank of Montreal, reached Victoria today on one of his periodical tours of western Canada to study conditions on the spot and discuss business matters with the bank's regional superintendents and branch managers.

Beyond expressing his genuine pleasure at revisiting Victoria and meeting old friends once again, Mr. Dodds had nothing in particular to say for publication. After making an exhaustive study of business conditions to cover the situation in the country at large, he said, it was the practice

Clubwomen's News

C.C.F. Women's Auxiliary will meet Thursday at 2.30 p.m., in the New Forum clubroom, Hanley Building.

The meeting of the Women's Auxiliary to the Royal Canadian Ordnance Corps arranged for Friday has been canceled.

Court Maple Leaf, A.O.F., will hold their knitting class Thursday afternoon at the home of Sister Jarvis, 1239 Vista Heights.

The W.A. to Britannia Branch, Canadian Legion, B.E.S.L., will hold a card social Thursday, at 8 p.m., in the boardroom. Cribbage and court whist; refreshments.

The ladies of the Open Door Spiritualist Church, 714 Cornsant Street, will hold the opening card party tonight at 8. Highest score between now and Christmas will receive a special prize.

Mrs. Binnie will address the women's meeting for Bible study at the Ross Bay Sunday school-room (corner May and Joseph Streets), Thursday, at 2.30, on the topic "With Whom Does God Dwell?"

The ocean's gold content has been estimated at \$25,000,000 per cubic mile, although gold amounts to only a few parts per billion.

All fur coats are reduced for the balance of this month. A small payment down holds your choice and terms can be arranged. See the lovely coats made in England just arrived. Foster's.

Trustees Debate Health Problems

NANAIMO (CP)—Dr. G. F. Amyot, provincial health officer, told delegates to the British Columbia School Trustees convention "some form of socialized medicine is the answer to a great many of the problems of public health."

"Without formally advocating any sort of a public health insurance scheme," said Dr. Amyot, "I believe a type of instalment plan should be put into effect whereby people who can't afford medical treatment can receive the benefits of the best technical medical practice."

Previously Dr. Amyot had answered a set of questions prepared by the executive of the B.C.S.T.A. and presented by President Percy E. George of Victoria, concerning the provincial public health program.

"Our aim," declared Dr. Amyot, "is to obtain a result in the field of public health that is worthy of the money and effort put into the job by our organization, the provincial health board. And the method of obtaining that result is through a self-critical, intensive program of treatment and prevention through the forces of the public health nurse."

"The place to start a program of preventive medicine," said Dr. Amyot, "is at the start of life. Encourage pre-natal, pre-school and school medical care and the cost of public health would be cut tremendously."

"That is the policy we are adopting," he said, "and we make it our job to see that in all preventive programs one-fifth or one-sixth of children taken care

For months we've been pleading with our patrons to lay in their winter supply of fuel to avoid the rush and possible delay. Well, the rush is here now, the greatest we've ever experienced in our 50 years in business, and now we're pleading with our patrons to have patience. Same old phone number, but please don't use it to upbraid us. We're doing our best under difficult circumstances.

E1124

of in that program are of pre-school age."

MARRIAGE CLAUSE

A resolution moved by Duncan delegates that the Public Schools Act be amended so that the teaching contract of a female teacher be automatically terminated by her marriage, subject to the right of such teacher to apply for reinstatement, was carried unanimously.

The second day's business opened with selection of Kelowna as site for the 1941 convention.

Survivors Safe

NEW SMYRNA BEACH, Fla. (AP)—Fourteen survivors of the burned British freighter Arawak, including a plucky 11-year-old girl who finished reading a book in the lifeboat, were brought safely ashore here by coast-guardsmen early today.

The Arawak, a 115-foot, 201-ton wooden vessel built in 1938, was destroyed by flames that started in the galley only a few hours after it left Jacksonville, Fla., yesterday morning for its home port of Nassau, Bahamas. The Arawak was about 15 miles off the Florida coast.

Capt. Roland Roberts of Nassau, said the flames, fanned by a high wind, spread with almost incredible swiftness. The captain, his crew of eight and the five passengers aboard abandoned ship about 15 miles off shore about 3.30 p.m., a little more than an hour after the fire started.

"We had two boats, but the flames were so high we couldn't launch one of them," Roberts said, "so all of us piled into a lifeboat built to accommodate 12. We hoisted sail, started using our oars and sent up flares to show where we were."

A light motor-driven coast-guard surfboat met the Arawak's lifeboat about four miles offshore and towed it to safety.

Gas Retailers Ask Price Boost

Fifty Victoria retail gasoline dealers, meeting in the Chamber of Commerce Auditorium Tuesday, decided to ask Ottawa to increase the retail gasoline margin from 4 to 6 cents. This was done because of the lower revenues of the stations through curtailment of gasoline supplies. A committee was formed to draft a resolution to be sent to oil controller G. R. Cottrell.

The meeting was called at the request of the retail merchants' section of the Victoria Chamber of Commerce, G. E. MacDonald, the section's chairman, explaining that the purpose was to get the station operators together for the benefit of the public and themselves. R. R. Taylor was appointed chairman of the meeting by the dealers.

The committee, composed of Mr. Taylor, chairman, R. Hawkes, W. A. Davis and Fred Hughes, drew up a rough draft of the resolution which when completed will go to Ottawa through the Chamber of Commerce. The reasons for the requested increase follow: 1. Retail gasoline dealers are suffering loss of business through curtailment. 2. They are suffering loss of good will in having to discriminate against customers because of lack of gasoline. 3. The loss of gasoline business also affects all related business adversely. 4. The cost of selling has increased per gallon by reason of much smaller unit sales. 5. Cost of operation has materially increased due to increases in wages, taxes, unemployment insurance, etc.

On question, F. L. McClement, Victoria manager of Shell Oil, told the meeting that it would undoubtedly have the sympathies of the oil companies in the request for a larger margin of profit.

On a show of hands the retailers, by a large majority, expressed themselves as being unfavorable to the rationing of gasoline to the motorist by use of ration cards. The chief objection was the expense that would be involved in the setting up of a huge govern-

ment machine with offices right across the country to handle the rationing system.

The gasoline retailers will hold frequent meetings as a body from now on to discuss problems affecting them.

Wells Proposed For Brentwood

Resulting from failure of Saanich ratepayers at the polls Saturday to pass a by-law calling for the creation of a waterworks system independent of that of the city, municipal officials have proposed servicing the Brentwood area through a well system.

Residents of the Brentwood district will meet with Reeve L. H. Passmore and Councilors L. C. Hagen and E. C. Warren and H. H. Allen, municipal engineer, tonight at 8 in the Brentwood Women's Institute Hall to discuss the proposal.

The Brentwood area being one of the main districts of the municipality in most urgent need of a better water system, municipal officials were quick to propose what they believe will be an improved system.

Reeve Passmore said at last night's municipal council meeting the proposed system would come from wells which would be drilled near the location, not those already drilled at Cordova Bay.

Residents of the district will be asked at the meeting this evening if they would welcome the proposed system.

There was no talk at the council meeting of presenting the by-law for a waterworks system for the whole of the municipality to the ratepayers again in the near future.

Mail Schedules

With the discontinuance of daylight saving and change of railway and steamship schedules effective September 28, closing times for principal mails from Victoria will be as follows: Up-island mails close 9:55 a.m., Vancouver afternoon mails close 1 p.m., Seattle mails close 4 p.m., air mails close 4 a.m. and 3:20 p.m.

For October west coast mails will close 10 p.m., October 1, 11 and 22.

These things just make me save!

Bill: What's that? One of those War Savings Certificates?
Joe: Mean to say you're not buying any?
Bill: Nope! Never gave it any thought.
Joe: Doesn't need much thought, Bill. Five dollars for four dollars is pretty simple arithmetic, isn't it?
Bill: Yes, but it's the business of buying 'em that bothers me.
Joe: Why, that's simpler still, Bill. Our pay office takes two bucks a week out of my pay and I get two certificates every month from Ottawa—two \$5 certificates for \$8.
Bill: Gosh! That's easy.
Joe: It's not only easy, it's a bargain, with victory thrown in.

The help of every Canadian is needed for Victory. In these days of war the thoughtless, selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us. Invest in War Savings Certificates the dollars you don't need to spend. After Victory, they come back to you with interest. Spend less now so that you can spend more then.

SPEND LESS—TO BUY MORE WAR SAVINGS CERTIFICATES

FALL 1¢ SALE

The Rexall 1¢ Sale was originated by the United Drug Co. as an advertising plan. Saanich Briefs

Meet Next Week
On Wage Dispute

James Thompson of the Department of Labor will preside as conciliation commissioner over a wage dispute meeting between representatives of Saanich municipal employees and the Saanich Council next Monday evening at 8 in the Municipal Hall.

The time and place of the meeting was agreed upon at last night's meeting of the council which Mr. Thompson attended. "In looking over the basis of the dispute in the employees' application for a conciliation commissioner, it seems they have sent representations to the council, but the results were not satisfactory to them," Mr. Thompson said.

Reeve L. H. Passmore pointed out that the council had granted cost-of-living bonuses to only those employees earning up to \$100 a month; not all employees. Mr. Thompson said the employees were seeking a cost-of-living bonus or a basic wage increase for all employees.

He added that if the employees won the decision, the council would have the choice of granting either a bonus or an increase in wages.

"We are on good terms with our employees and we knew they were going through with this,"

Reeve Passmore remarked, "and it is quite all right by us."

Permission was granted H. Bracken and A. M. Stewart for the erection of a new Parkdale Sunday School building on Harriet Road at an approximate cost of \$2,000. Property for the building was sold for the low price of \$25, special concession being given in the case of a Sunday school building.

"The municipal council chamber should never be used for political purposes," said Councilor George Austin when an application for use of the chamber for the provincial nominations for an hour on September 30 was turned down.

The application was made through Robert Brydon, returning officer. The nominations were for all parties.

Ward 1 had over spent its \$7,000 appropriation at August 30 by \$326.28, it was noted in a list of ward expenditures which were received and filed.

Each ward's appropriation being \$7,000, Ward 2 had spent \$5,586.59, Ward 3 \$6,187.26, Ward 4 \$6,550.45, Ward 5 \$6,415.87, Ward 6 \$6,043.50 and Ward 7 \$4,912.54.

Expenditure of the \$500 Gov. and Bridge appropriation to August 30 had been \$229.04.

A statement from Mayor Andrew McGavin of the cost of a two-way radio system for police and fire cars and trucks of Greater Victoria, was received and filed.

A plan for the area costing \$11,000 would give Saanich radios

on two police cars and two fire trucks. Saanich's share of the cost would be \$2,392.

Councillors voiced objection to the inclusion of fire trucks in the proposed system.

A request from J. B. Adams for the municipality to grade and gravel a road in a new subdivision off Gorge Road was turned down.

Sara Newcombe's request that ditches on McKenzie Avenue, Kenneth, Quadra and Cedar Hill Cross Roads be cleaned out was not granted.

Oak Bay Municipality wrote stating although it had withdrawn from the Greater Victoria A.R.P. organization, it would co-operate with Victoria, Saanich and Esquimalt in civilian protection work.

An offer from E. T. Hodgkins to pay the full cost of \$228 for the installation of five street lights on Richmond Road, was accepted.

Shelbourne Street from the city limits to Cedar Hill Road will be made a 30-mile-an-hour speed limit zone.

The action was taken at the request of Mrs. M. Townsend, Shelbourne Street, who said her small daughter had been struck by a car on the road recently. Traffic on the road was heavy, she said, the highway was narrow and speeders were numerous.

An offer of \$100 for a lot on Roy Road from E. L. Groutage, Colquitz, was accepted.

Thinks Government
Will Control Credit

Government control of credit extension after the war was prophesied by E. J. Patrick, president of the Vancouver Retail Credit Granters' Association, in an address to the Victoria Association in Spencer's today.

There was far too much over-spending which had to be stopped, Mr. Patrick said.

"The only way to control future credit is through a central credit reporting bureau," the speaker said.

The bureau would contain information on wages and income of everyone and would control spending through credit by this means.

Mr. Patrick claimed 80 to 85 per cent of personal loans made by individuals were to pay off debts acquired through credit.

"And a large number of those people who take out loans for this purpose get more credit before they have made the first payment on their loans," he said.

A radical change in extension of credit had never been started really.

The general trend of Canadian agriculture has been upward through the past seven years and particularly so through the last four.

INCORPORATED 27 MAY 1670

Sports Mirror

By JIM KEARNEY

There's an old saying about good things in small parcels.

Ted Menzies is hoping to prove the truth of the phrase tonight, hoping the experience of the Bays in the relatively small box at the Willows Sports Centre will bring out all that's best in his city intermediate lacrosse champions as they open their coast series against Vancouver Flyers.

He's optimistic about the team's chances in the two-out-of-three-game schedule which will be continued on Friday and Saturday, if necessary.

Not that he thinks the Flyers are going to be pushovers. He looks at their probable starting line-up, acknowledges it packs a lot of stars and remarks:

"We don't scare easily."

Brought along under the tutelage of coach Charlie Mackie, the mainland shillelagh-wielders are a fast, well-conditioned group of boys whose speed and drive were the chief factors in winning laurels in the terminal city race. These boys, playing as a team for the first time this year, lost their first three games last May and from then until the end of the season slipped effective and unequivocal mickles to every aggregation that met them, dropping to the wrong end of the score on two occasions only during the remainder of the summer.

Against them Victoria will send a team which has played as a unit for three years and lost only two games this season, one league contest and one playoff game. The team depends on plays more than fast breakaways and sheer speed. To adapt themselves to the small box at the

Willows the Victoria kingpins have developed an effective short and frequent-passing game that usually keeps opposing players going around in circles looking for the ball and their checks.

Advantages enjoyed by the Vancouver boys are: The presence of a half-dozen men who have played in senior company on the mainland and the fact that they played against good opposition all year. That's about the finest way in which a team can be developed.

The Bays will be playing on their own floor, they will be strengthened by three of the city's leading players and they have the advantage of classy teamwork.

On that basis the choice from this corner is Menzies' Bays. "I know they have a lot of big names," says Ted, "but just wait until they get on the floor and you'll see that our boys can handle them."

The "big names" to which Ted refers are: Norm Delmonico, brother of Richmond's Herb, in goal; Bobby Phelan, formerly of Adanacs; Ralph Fraser, formerly of Salmonbellies; Max Turner, who played here with the Jokers and before that with the Salmonbellies; and Doug Stewart, a newcomer from the east who played in Montreal, on defence.

On the forward line will be Sam Kabatow, Willie McColl, George Woods and Doc Proctor, all formerly of Adanacs; Kelly, a transferred Kirk's player; and possibly Jackie James, the mighty mite from Richmond. Cal Brooks, a newcomer to the game, and Art Savage, mainland intermediate, will play at rover.

Nova Contemptuous

By SID FEDER

POMPTON LAKES, N.J. (AP)—Lou Nova tossed a final right hand shot at sparring partner Johnny Aichers as the gong sounded, then leaned over the ropes and remarked, "This guy's a lot tougher than Louis."

Which just goes to show you how the Nova fistic family, all the way from the chef in the kitchen, right up to an including the blond Californian himself, feel about the heavyweight champion.

There is nothing but contempt for the Joe Louis punching power, his durability and even his heart in this Lakeside camp of the hero of the comic punch who has a date with the Bomber Monday night in the Polo Grounds ring in New York. Up here, the No. 1 boy is just another guy name Joe.

Against 190-pounders in sparring sessions, Nova looks like a giant, and he manhandles them dizzo at close quarters, tossing them around with no more trouble than you'd have buttoning your vest.

BOUNCES SPAR MATES

GREENWOOD LAKE, N.Y. (AP)—Champion Joe Louis treated his sparmates rudely, but stopped short of knocking them stiff yesterday as he went through his most emphatic workout so far in his preparations for next Monday's title defence against Lou Nova at the Polo Grounds.

Punching viciously, Joe had George Higgs hanging on the ropes when time was called and kept Babe Ritchie from going down by holding him up when everything looked dark for the Babe. George Fitch and George Nicholson also took their beatings.

Louis worked again today, with rest Thursday and continue boxing Friday and Saturday.

The falcon is said to be the original "dive bomber," killing its flying quarry by dropping on it from a height of hundreds of feet at a speed of 165 miles an hour.

Caddies' Tourney Billed Saturday

The boys who carry the bags will do the playing Saturday at the Victoria Golf Club in the annual "Caddies Day" tournament arranged by Professional Phil Taylor.

The event will be staged over 18 holes medal play with full handicap allowed. The Milbank Cup, a miniature and prize money will go to the winner.

Those wishing to enter are advised to communicate with Mr. Taylor without delay. Women members prepared to score are asked to phone Mrs. Taylor at G-7414.

The draw will be made Thursday.

Physical Courses Open to Everyone

Physical exercise classes at the Y.M.C.A. are open to all who register. Archie McKinnon, physical director of the Y.M.C.A., said today.

The course offered to Senior Businessmen opened Monday at 5.30, and will meet Mondays and Thursdays.

Junior businessmen registered Tuesday, and their meetings will be held Tuesdays at 5.30. Physical exercises and general workouts will be taken, after which games of basketball will follow.

Another class for young men has been registered, which will give the same workouts and games to members on Tuesdays and Fridays.

Yesterday's 'Stars'

Ken Heintzelman, Pirates, and Max Lanier, Cardinals—Former pitcher six-hit shutout in first game and latter retaliated with white-washing on eight hits in nightcap.

Doc Dramer, Senators—His single with two on in ninth inning broke up ball game with Red Sox.

Eddie Collins, Athletics—His triple leading off ninth inning started rally that beat Yankees.

Paul Materson, Phillies, and Johnny McCarthy, Giants—Former pitched seven-hit ball to win first game and latter drove in three runs to lead successful attack in second.

Bill Lee, Cubs—Kept eight hits scattered to whip Reds.

Dizzy Trout, Tigers—Allowed only seven hits in 10 innings to beat Browns.

They are better than fair at

It would be difficult to exaggerate Gordon's fielding wizardry or his importance to the American League champions. Old-timers who have seen them all in the so-called modern era say he makes stops and throws that they only faintly imagined before, and that he has never had an equal as a pivot man on double plays.

Brooklyn has a fine, steady second-sacker in Billy Herman, who has the added advantage of having played in three previous World Series, and the Cardinals possess one of the year's outstanding rookies in their keystone, Frank Cresspi.

But neither is quite in Gordon's class.

Because of their impregnable defence, the Yanks' inner works must be rated tops in the series, even though it has no slugging in the class with Camilli, with his 34 home runs and 118 runs knocked in, or a third-baseman quite as good as Jimmy Brown of the Cardinals. Camilli can come up only every so often with his dangerous bat, whereas the Yankee defence will be operating through every inning of the series, choking off rallies and making few mistakes.

They are better than fair at

Skaters Organize

Fifty figure-skating devotees met at the Pemberton Building Monday evening and organized the Victoria Skating Club, defunct since the arena burned down in 1928. Major Piddington, the last president, was chairman of the meeting. Ross Hocking was named secretary-treasurer, and future inquiries may be made from him at 1006 Douglas Street, phone E-2342. A committee meeting will be held late this week or early next week. Plans are being made to accommodate 125 senior members and 75 juniors.

Bull's Eye Belle

MONTREAL—Miss Marjorie Saunders of the Alouette Rod and Gun Club, Haney, B.C., became the proud holder of one of the highest distinctions in sporting rifle marksmanship in Canada when she recently won the coveted Dominion Marksmen Expert Shield award, it is announced from the headquarters of the Dominion Marksmen organization here.

Scoring 5,933 out of a possible 6,000 points, she became the second woman in British Columbia to attain this honor.

No tolls are charged for use of the Canadian canals in the Great Lakes-St. Lawrence system.

Series Comparisons

Yanks' Infield Best

By GAYLE TALBOT

Associated Press

NEW YORK (AP)—Despite the fact that Dolf Camilli, generally considered the most valuable player in the National League, holds down first base for Brooklyn, the Yankees will go into the approaching World Series with a better infield than either of their prospective rivals.

The three infields still concerned with the classic may be rated in this order: (1) the Yankees, (2) the Brooklyn Dodgers, and (3) the St. Louis Cardinals. Neither Brooklyn nor St. Louis supporters are likely to agree with this rating, but even they might be swayed if they had seen the Yankee infield in action regularly this year.

There is an infield! It has a rookie, Phil Rizzuto, at shortstop, and there is another freshman, Johnny Stum, on first. It has a veteran with a collapsible stomach, Red Rolfe, on third—when he isn't in hospital. And it has Joe Gordon, perhaps the most brilliant defensive second baseman the game has seen, to pull this queer aggregation together and make it something almost sublime.

The Uplands golf course, venue for next week's women's golf championship, will be thrown open to entries for the title play Friday, club officials announced today.

The tourney will be staged Monday and Tuesday with 18 holes each day, best gross winning the honors. Entries will close at 4 Friday.

Indications point to a strong field for the classic this year. Margaret Sutcliffe, Oak Bay, who won the last two events, Mrs. E. Jackson and Mary Mackenzie-Grieve are expected to be included in this lists of those shooting for the title.

Proceeds from the event will go to the Lord Mayor's Fund.

Will Celebrate Bowling Birthday

City bowlers and visitors have been invited to the 10th birthday party tourney of the Victoria West Lawn Bowling Club Saturday.

Mixed rink competitions will be the order of the day, with play starting at 2.

Refreshments will be served and attractive prizes have been secured for winners.

Early in the war reduced supplies of gasoline for transportation and agricultural uses and news that cavalry might have a place, even if limited, in modern fighting stirred the hope that all of the Dominion's 2,800,000 horses would have steady work to do.

Today, agricultural, munitions and supply and national defence officials agreed the demands on horses for war service have been practically nil, and there is no immediate prospect of them being required in number.

The one flurry of interest in horse-buying came early in the war when numbers of horses were bought for France. After that country entered into an armistice with Germany, these animals were disposed of on this side of the Atlantic.

In the First Great War, Canada sent 55,348 horses direct to the United Kingdom, 19,373 to the United States, many for shipment overseas, and 14,735 to other countries, a total of 89,396.

Munitions and supply officials said the only record on hand of horses being used by Canadian troops overseas concerned the purchase of sets of harness for horses to be used by forestry corps detachments working in the United Kingdom.

Gasoline restriction regulations were announced too late in the 1941 season for many farmers to transfer from power-driven machinery for their harvest operations, officials said. Should gasoline supplies be limited next year, further use of horses may be made, but the farmers will first have to arrange hitches for six and eight horses to draw heavy implements designed for tractors.

No Seattle Opposition To Senator Wheeler

SEATTLE (AP)—Opposition fostered by labor and veterans' groups failed to materialize last night as Senator Burton K. Wheeler assailed President Roosevelt's foreign policies before a crowd that overflowed into the street.

The Montana isolationist spoke at the Metropolitan Theatre after the Eagles Lodge canceled the America First Committee's reservation of its big auditorium.

ALSA, ABOVE, WON HIS MATCH RACE, broke the track record and boosted his earnings for owner Mrs. Albert Sabath, Chicago, to \$88,065 as he beat Ben F. Whitaker's Texas-owned Requested by four lengths in the \$10,000 winner-take-all six and a half furlong race at Belmont Park yesterday.

ALSA, ABOVE, WON HIS MATCH RACE, broke the track record and boosted his earnings for owner Mrs. Albert Sabath, Chicago, to \$88,065 as he beat Ben F. Whitaker's Texas-owned Requested by four lengths in the \$10,000 winner-take-all six and a half furlong race at Belmont Park yesterday.

Defeat Slashes Cards' Flag Hopes

By JUDSON BAILEY

Associated Press

Brooklyn Dodgers are almost at the place where they can pull the trigger on the St. Louis Cardinals and you can practically hear them panting at the prospect.

All along the Dodgers have been insisting that the Cards could not sweep through Pittsburgh Pirates and Chicago Cubs and Brooklyn had it figured exactly. The Cardinals came a cropper at Pittsburgh yesterday, 4 to 0, in the first game of a doubleheader and even though they won the second game 9 to 0, the damage was done.

This made the standings:

Club	W.	L.	Pct.	Games To Behind Play
Brooklyn	97	53	.647	4
St. Louis	95	54	.638	1 1/2

Any combination of three games in the days remaining will three out of four, they are in, 21 years. If the Dodgers win three out of four, they are in, no matter if the Cards win all of theirs. If St. Louis loses a game, Brooklyn needs win only two contests.

Since the Dodgers are billeted at Boston today and tomorrow against the seventh-place Braves and then tackle the tail-end Phillies Saturday and Sunday, they should have no trouble winning three out of four.

On the other hand the Cardinals, tackling the Pirates again today and tomorrow, and then moving into Chicago to face the Cubs in a final pair, have no assurance that they can win all four.

LOST ON ERRORS

The Cards whipped themselves yesterday. They made five errors, three of them by shortstop Martin Marion, and Mort Cooper, their most reliable right-hander, got knocked out of the box in the first inning.

Lefty Ken Heintzelman, a Missouri boy himself, pitched six-hit ball for the shutout.

In the nightcap the Cards came back with the fierceness of avengers. Max Lanier, a south-paw, pitched fine eight-hit ball, the Pirates made four errors, and the Cards made two home runs, one by Stan Musial with one on, the other by Estel Crabtree with two aboard. But it was like blowing a whistle after the train had passed the station.

The Dodgers had an open date and just sat around in their hotel lobby at Boston and gloated.

OTHER GAMES

Chicago Cubs clipped Cincinnati Reds 5 to 1, with big Bill Lee keeping eight hits scattered and the Reds making four errors.

New York Giants and Phillies divided a doubleheader. Cliff Melton gave six successive singles in the first inning of the first game and the Phils paraded to victory 8 to 2, then New York turned the tables and won the nightcap 8 to 6.

Philadelphia Athletics spoiled Red Ruffing's world series tune-up by batting him out of the box in the ninth inning and winning 9 to 8. Ruffing hit a home run the third and Joe DiMaggio connected for his 28th of the season in the fourth to help set up a 6 to 2 lead for Ruffing. But he went to pieces in the seventh, giving the A's five runs, and Eddie Collins brought in two more with a triple in the ninth.

Washington scored twice in the ninth to beat Boston Red Sox 4 to 3 and Detroit rallied for three in the 10th to stop St. Louis Browns 4 to 1, lifting the Tigers into a tie for third place.

COAST PLAYOFFS

SAN FRANCISCO (AP)—Seattle and Sacramento were off to early leads today in the Coast League's Shughnessy playoffs.

Little World Series

MONTREAL (CP)—Montreal Royals came back home with the Governor's Cup today, and straightaway began preparations for the Friday night opening of the first Little World Series in their International League history.

The Royals climaxed the most successful season on the field and at the box office—that a Montreal I.L. team has ever enjoyed with a 4 to 3 victory over the champion Newark Bears at Newark last night in the final game of a best-of-seven series. They won with a driving finish that brought two runs in the ninth after they had trailed throughout the game.

The first three games of the

but the champion Rainiers had to cash in on five errors by Hollywood to do it.

Dick "Kewpie" Barrett scattered five hits in handing the Stars a 5 to 2 setback at Hollywood last night, but all the Seattle runs were unearned. The Rainiers bunched three runs in the sixth inning to clinch their initial playoff victory.

Sacramento won second place in the final league standings by nipping San Diego 5 to 4 at San Diego in an 11-inning battle. The contest, which settled a deadlock for the runner-up spot counted as a playoff game. Clyde Klutts tripled in the last inning and scored the winning run on Bob Blatner's fly to centre.

Seattle meets fourth-place Hollywood again today, with veteran Hal Turpin taking the mound. Freddie Gay will pitch for the Stars. In the other contest, Al Hollingsworth will get the hurling assignment for Sacramento, and Wally Hebert for San Diego.

NATIONAL LEAGUE

First game—R. H. E.
St. Louis ----- 0 6 5
Pittsburgh ----- 4 5 0

Batteries—M. Cooper, Shoun, Hutchinson and Mancuso, W. Cooper, Heintzelman and Lopez.

Second game—
St. Louis ----- 9 8 0
Pittsburgh ----- 0 8 4

Batteries—Lanier and Mancuso; Sewell, Sullivan, Gee and Smith.

Chicago ----- 5 9 0
Cincinnati ----- 1 8 4

Batteries—Lee and Scheffing; Vander Meer, Turner, Begg and Lombardi.

First game—
New York ----- 2 7 1
Philadelphia ----- 8 13 1

Batteries—Melton, Bowman, Wittig and Hartnett, Blaemire; Masterson and L. Livingston.

Second game—
New York ----- 8 11 1
Philadelphia ----- 6 11 3

Batteries—East, Adams and Odea; Jones, Harman and L. Livingston.

AMERICAN LEAGUE

St. Louis ----- 1 7 1

Batteries—Trout and Tebbets; Muncie and Ferrell.

Soccer Sessions

Distribution of Victoria and District Football Association player registration forms and team affiliation papers, scheduled this week, has been deferred until next Monday evening at 8 in the Colonist boardroom.

The Lower Island Junior and Juvenile Football Association will make organization plans at a meeting in the Colonist boardroom Tuesday evening at 7.30. Officers will be elected at the session. Representatives of at least 10 teams which performed last year are expected to be present.

METCHOSIN BADMINTON

METCHOSIN—H. Walker was re-elected president of the Metchoshin Badminton Club at its recent annual meeting in the district's Community Hall. Mrs. V. Roth was named secretary-treasurer and Gwen Ellwood, Sonia Everest and V. Everest were elected to the committee. The club will play Tuesday and Saturday nights, starting October 4.

Seek Compensation For Chiropractic

B.C. Council of Longshoremen urged before Mr. Justice Sloan's Royal Commission yesterday that payments for chiropractic treatment be permitted under the Workmen's Compensation Act.

James Lackie, submitting the council's brief, told of one case where a man had gone to a chiropractor to have his muscles limbered up after his medical treatment for an injury was completed, but he had to pay the cost himself. He thought it fair such treatment should be included in compensation.

This was one of five suggestions for changes in the act proposed by the longshoremen.

Longshoremen opposed the commutation of compensation pensions for permanent injury cases unless the compensation board was satisfied that the money was to be used for investment in a business or similar purpose.

LOOKS A LOT

"To a working man who is not used to a bank account \$2,000 or \$3,000 all at once looks like a large sum," said Mr. Lackie. "Some think they can live for the rest of their lives on it. But the money soon goes and they are left stranded."

Mr. Lackie urged an amend-

ment, based on the British Act, which would not force partially disabled men back to light duty at reduced compensation rates. He pointed out that in longshoring there was no light work and a man who came back to his job under these conditions was at a disadvantage.

REHABILITATION

"Have you considered," said Mr. Justice Sloan, "the possibility of rehabilitating such men by training them for other trades where their partial disability would not affect them?"

"Yes, that's probably the answer," said Mr. Lackie. "But that takes money. Whose going to pay for it. In the meantime compensation should take care of them."

Mr. Lackie asked for an increase from 66 2/3 per cent to 75 per cent of wages the amount allowed for permanent disability. This was not so much for longshoremen alone but for all those in industry, he said, because some earned pretty low wages and faced a hard struggle to maintain families on compensation allowances if they were disabled.

COMPENSATION RATE

He suggested base rate of \$40 a week for computing compensation for longshoremen, arguing that owing to the intermittent nature of the work this was fairer than taking the recent wage average of a man.

There was considerable discus-

sion by counsel on Mr. Lackie's suggestion that where the board was allowed two or three methods of computing the wage average, most men were of the opinion it usually took the lowest. Mr. Justice Sloan said to meet this the board might be required to take the highest average.

Mr. Lackie explained that over a period of a year most longshoremen in Victoria earned about the same amount. They were engaged through a hiring hall and the work was rotated. If the board, for compensation purposes, took a man's average earnings for three months previous to an accident, one man who had worked through a rush period would get high compensation, while another, just finished a slack period, would get a low allowance.

The commissioner pointed out that this condition would not maintain in an open competitive labor market for longshoremen where the supposedly better worker would get more work, receive more pay, and thus, in case of injury, be entitled to heavier compensation.

Mr. Lackie replied that for the duration of the war longshoremen here had what amounted to a closed shop agreement and so far as he knew did not intend to let it go.

URGES PLAN NOW FOR POST-WAR

HARRISON HOT SPRINGS (CP)—President George C. Miller of Vancouver appealed to the opening session of the Union of British Columbia Municipalities convention to plan now to meet postwar problems, which, he said, would "tax the ingenuity of the nation" and he added a warning that the answer did not lie in "the dole or made work."

"In addition to thousands of our men and women who have volunteered in the active service forces, many more thousands of persons now engaged in war industries will be similarly affected and it will tax the ingenuity of the nation to meet this problem," he said.

"One feeling, I think, is common to us all—that the dole or made-work, is not the answer. I would ask that this convention give the matter serious consideration and commence to formulate a program which will be part of the larger provincial and federal rehabilitation plans."

The president expressed thanks to the provincial government for assuming additional relief costs occasioned by the withdrawal of federal participation last March, but added:

"It is a matter of regret, however, that with increased provincial revenues, some further relief to the municipalities has not been given in the matter of educational costs, and there is the further issue of indigent medical services which has been placed before the government on several occasions and on which no action has been taken. This is one phase of social legislation which I am sure would be welcomed by all classes of the community."

Tiny, placid Lake Itasca in Minnesota is the birthplace of the mighty Mississippi.

With the Forces

'BEFORE THE WAR'

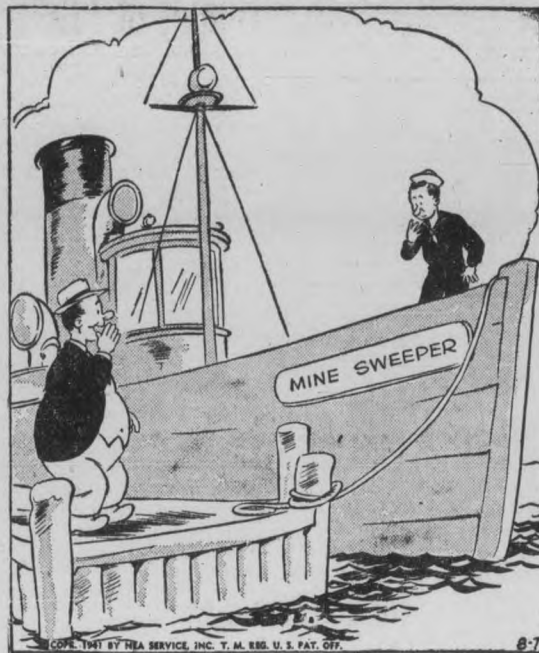

SOMEWHERE IN ENGLAND (CP)—Before the war, civilian jobs from baking to golf-stick making occupied a group of Canadian airmen recently-arrived in Britain.

Gathered in a sunny garden at an R.A.F. reception depot, the graduates of the British Commonwealth Air Training Plan told of their work in civilian life. A few had been students.

Sgt. Murray Steinbach, 23-year-old wireless air gunner from Trochu, Alta., was a store clerk. Sgt. Ken Moorhouse, 22, Vancouver was a newspaper office boy and cub reporter, and Sgt. Nelson Stephenson, 25, Vancouver, a land surveyor.

Among those who had been students just before enlisting was P.O. Jack Sheppard, 21, of Vancouver.

P.O. Clem Weidenfeller, 25, Hawarden, Iowa, said he had been a "college footballer."

"Be sure to sweep in the corners!"

according to a letter Bailey wrote to his mother at Atcheltz.

"All afternoon they took pictures of me. They certainly made a fuss. I could hardly walk around for people following me," Bailey wrote.

"The Queen and I had quite a talk," Bailey said of the inspection. "She asked me where my people lived and what they did and everything. I made her laugh when she asked me how I liked this country (England), and I couldn't tell her I didn't like it so I told her I liked it quite a bit but still thought the farm at Atcheltz was better."

Wings to Victorian

BRANDON, Man. (CP)—Wings were presented yesterday to a group of graduates at No. 12 Service Flying Training School, operated here under the British Commonwealth Air Training Plan by the R.C.A.F.

Wing-Comdr. R. C. Gordon, commanding officer, pinned wings on the graduates, all leading aircraftmen, who included: British Columbia, G. H. Andrews, Abbotsford; G. C. Walsh, Victoria.

Defenders of Ditchling
DITCHLING, Eng.—Sir Frank Brangwyn, well-known artist, is a member of the "Defenders of Ditchling" committee to oppose a development scheme which, the committee says, will spoil the character of this Sussex village.

CARDIFF, Wales—Bakers in the colliery areas will collect the miners' supplementary ration of a pennyworth (two cents' worth) of meat and pool it in pies to be sold at the pitheads.

SERGEANT FRANK R. LAUGHLIN, wireless air gunner in the R.C.A.F., is home on furlough visiting his parents, Mr. and Mrs. F. J. Laughlin, 521 Niagara Street. Prior to his enlistment he was employed by Lovicks. He was educated at South Park and Victoria High Schools and is 19 years old.

'BROTHERS IN ARMS'

SOMEWHERE IN ENGLAND (CP)—The term "brothers in arms" has special meaning for a number of Canadian graduates of the British Commonwealth Air Training Plan recently-arrived in Britain.

Twenty-year-old Doug Pearce, wireless air gunner from Parkman, Sask., told of a brother, Cpl. Albert Pearce, with the Regina Rifles, and Sgt. Mike Rochford, 21, Toronto, said a brother, Lieut. D'Oyly Rochford, is with the Seaforth Highlanders.

SERGEANT PILOT J. W. ASSESTINE, who received his wings in the R.C.A.F. last Saturday, is now home on leave, which he is spending with Minister of Mines W. J. and Mrs. Assestine, 1149 Faithful Street.

General at Alberni

PORT ALBERNI—Major-General R. O. Alexander, D.S.O., G.C.C.-in-Chief, Pacific Command, accompanied by three staff officers, visited Port Alberni Monday and for some time conferred with Gordon Campbell, president of the Civilian Recruiting Committee and officer commanding the local unit of the Canadian Scottish Regiment, concerning the military affairs in the city and the west coast of Vancouver Island. Later in the day, an inspection was made of quarters which may be taken over as local headquarters and armories.

Soldier From B.C. Chosen By King

VANCOUVER (CP)—Chosen by the King as the nearest soldier in his unit during a Royal Inspection, Private Seldon G. Bailey of Atcheltz, B.C., serving in England with the Canadian army, was taken to London on a two-day trip by His Majesty,

though this would mean a necessary revision of taxes in that vicinity, as land values would be entirely depreciated. There is, however, very fortunately, several parcels of land in Esquimalt which would be suitable, and there is no need to work further hardship on the Esquimalt taxpayers.

Only a few days before War Time Housing Ltd. considered the Admirals Road property, four acres of land next lot 1, map 333, was sold for \$1,100. It would be interesting to know how much the government would consider paying for similar property.

MURIEL O. SMITH.
1137 North Park Street.

THE EYED-HAWK MOTH

I was much interested in the account appearing in Saturday's Times of the finding of the caterpillar of the eyed-hawk moth. This handsome insect is by no means rare either here or in England. I have several times picked up specimens of the perfect insect, which may be found resting on fences, etc. I well remember finding my first specimen in England when a boy of 13. It was settled on the trunk of a large poplar, and I was glad to add it to my collection of lepidoptera. The caterpillar feeds on the leaves of poplar, apple, willow, etc. The caterpillars of the hawk moths can be distinguished by the small horn at the latter extremity of the body. The caterpillar secured by our young collector should produce the perfect insect about May next, after spending the winter in the pupa or chrysalis state, for which a few inches of soft soil should be provided.

J. LOWTHER.

MARKETING BOARD

I hate to bother you so much about my writing concerning the Marketing Board, but as you know I have been a member for the last two years and I know how it was running.

The consumers are being robbed as well as the producers, and the only way to stop this present system is to agitate until we get a plebiscite and all farmers

Perspiration vexes
People of both sexes—
Girls who will take chances
Don't get asked to dances.

ESPECIALLY MADE TO PREVENT "B.O." (Body Odor)

be given a vote. As it is the potato clubs of the lower mainland have given out the voters' list and they only include growers who will favor the potato clubs, and wholesalers are also working in on the racket.

It seems to me that the best thing that can be done is to scrap the Marketing Board entirely, for out of 11,000 growers there are only 100 who supply the bulk of the market.

BUY SOME TODAY!

Busy Days Don't Worry Me!

I take no chances with Internal Sluggishness

IF YOU find no pleasure in the day's work—feel disinclined to make an effort—the cause may be internal sluggishness. This handicap is very common. Often it's due to a lack of bulk in the diet.

A Pleasant Precaution that Can Help Prevent Trouble

Constipation due to lack of bulk should yield to Post's Bran Flakes, eaten regularly. They provide enough natural bulk in the form of bran to keep food wastes moving promptly.

It's both wise and pleasant to eat Post's Bran Flakes as an aid to fitness. They have a crisp, nut-like flavour which really is delicious. If they do not readily relieve internal sluggishness, see your doctor.

"CAPITAL" Telephone Numbers Have Been Changed to "BEACON"

The name of Victoria's third dial telephone unit, "Capital," which was put into service in August, has been changed to "Beacon." All former "Capital" telephone numbers are now "Beacon" numbers.

This change will not cause any confusion in dialing numbers, as the letters "B" and "C" appear in the same opening on the dial.

"Capital" was selected as an appropriate name for a dial unit in the capital city of British Columbia, but since the unit has been in operation there has been some confusion between "Capital" and "Garden" numbers, principally because of the typographical similarity between "C" and "G." Therefore, the name "Beacon" has been selected to replace "Capital."

To call "Beacon" numbers dial the letter "B" and then the four figures of the number.

Death Accidental

Accidental death was the verdict given by a coroner's jury on the death of Major A. H. Lund of Work Point Barracks who fell 18 feet from a railing at the Willows race track, striking his head on the left rear fender of an automobile.

John L. Marshall, a witness, testified that Major Lund came to the roof of the clubhouse, adjacent to the grandstand, sat on the rail, crossed his knees and then suddenly fell over backwards. Surgeon-Lieut. Walter MacKenzie, R.C.N.V.R., who was at the track at the time of the accident, said that Major Lund was dying when put in an Oak Bay police car and rushed to the Jubilee Hospital. He was dead when he arrived at the hospital.

Medical records, presented by Lieut. Walter Fahrni, showed Major Lund suffered from no heart disease that might have caused dizziness.

City Housing Report Sought

The British Columbia Construction Control Advisory Council would greatly appreciate a copy of the housing survey now being conducted by the city, according to a letter received at the City Hall today.

The communication acknowledged a communication from Victoria supporting an application for an apartment permit for a proposed structure on Oak Bay Avenue.

It notes the city is making a survey and asks for a report as soon as it is available to provide background for future permit requests.

The policy of the government, it is stated, would prevent issuance of licenses unless a definite need could be shown.

WANTED

Young ladies attending the British Columbia Bible Institute desire room and board for part-time work. For information phone the Dean of Women, E 9268.

LIBERAL CONVENTION

To nominate Three Candidates on behalf of the Liberal Party of British Columbia to represent the Victoria Riding in the Provincial Legislature, a convention has been called for Thursday, September 25, 1941, at 8 p.m., at the Chamber of Commerce Auditorium, 1119 Government Street, Victoria, B.C. Only accredited delegates are requested to be early, sign the register and then take their seats. The hall will be open at 7 p.m.

E. M. WHYTE, Acting Secretary.

TOWN TOPICS

Slight damage was done to cars driven by C. Pike, Metehosin, and J. Belford, 520 Yates Street, when they collided on Wharf Street near Fort Street Tuesday afternoon, city police reported.

Mrs. W. P. George, 952 Arm Street, told police Tuesday afternoon a car she was driving collided with a parked car on Government Street near Broughton Street, doing considerable damage.

Considerable damage was done to cars driven by George Cagnat, Cook Street, and Thomas Stubb, 1777 Hollywood Crescent, when they collided at Fairfield and Cook Streets at 10.30 today. Constable Deans Blackstock, Norman Bath and Thomas Stevenson of the city police investigated.

Helping Veterans For 100 Years

The Army and Navy Veterans of Canada, organized 100 years ago, pledges to new soldiers the same service it has given to veterans of other wars, members of the provincial command, visiting Victoria today, said. The organization has also pledged its all-out support to the war effort.

Capt. Wilkinson, Dr. P. B. Mellon, Dominion secretary; J. P. Niven, assistant Dominion secretary, and other members of the Dominion Command, arrived in Victoria this morning, after a meeting in Vancouver yesterday at which a decision was reached to hold a Dominion convention in Toronto.

They were accompanied by G. Tucker of Vancouver, provincial president; H. E. Warburton, secretary; Brig-Gen. Sutherland Brown of Victoria, B.C.; R. Jack of New Westminster, Harold Price of North Vancouver, Major T. R. Wheaton, president of the Victoria unit, and other provincial command officers.

TO HELP RECRUITING

At the meeting in Vancouver resolutions were passed endorsing the efforts of the government to increase recruiting, and pledging the efforts of the association along this line. Other resolutions dealt with the inadequacy of the allowances to dependants and lower class of pensioners of the Dominion. The Dominion government will be petitioned to increase allowances to compensate for the rising cost of living.

Members of the organization have pledged their service to Canada and the war effort as a whole. At the outbreak of the present war a telegram sent to the Minister of National Defence had within its text the following pledge:

"... we pledge to Canada and the Empire the total resources of our association in any call to arms. And that we pledge our individual selves in whatever capacity we may be able to render service."

To all the new soldiers is extended the same service as that which is received by veterans of the last war. Any trouble with pay, pensions or allowances will be assisted by the association, and with the same friendly atmosphere that has prevailed throughout the last 10 decades.

Say Compensation Not Sufficient

Two personal complaints against Workmen's Compensation Board treatment were made before Mr. Justice Sloan's Royal Commission in the Court House here today.

A. Duckworth said he did not regard \$33.12 a month sufficient compensation for loss of a leg, when he had been earning \$145 a month at the time of his injury. He said that with this handicap he was not able to earn enough supplemental money with his compensation to keep his family properly.

H. W. Haycroft objected to the light-work compensation policy of the board. He said he had a permanent partial disability years ago and was allowed compensation for a term of years. Now it had ceased and he was still suffering from the injury and could not get light work because of it.

Details of the Trades and Labor Council's brief, presented yesterday, were reargued this morning.

HARPER PROBES MARKET CONTROL

Judge A. M. Harper of the County Court, Vancouver, will be sole commissioner of the government's investigation under the Public Enquiries Act into the operations of marketing control boards in British Columbia.

Premier Pattullo announced the appointment this morning.

A cord of well-cured hardwood almost equals a ton of coal in heating value, says a New Hampshire extension forester.

Bring Out Three Bodies of Fliers

Up 5,500 feet on the rugged sides of Old Settler Mountain, 10 miles west of Yale, three men received food by air today and continued a vigil beside the bodies of three Canadian airmen who were killed when their Avro-Anson bomber crashed into the side of the mountain Sunday afternoon.

At Yale, police and R.C.A.F. officials were organizing a party which will go to the scene to bring out the bodies of Flying Officer L. W. Brooks of Saanich, Sgt. L. P. Britland and A.C.2 D. B. Wortley of Vancouver. All were killed instantly.

The three men who stood guard by the wrecked plane were Pilot Officer C. M. Black, Game Warden P. M. Cliffe and William Richmond, a guide. They were with the party which located the wreckage at 3.30 Tuesday afternoon after a trip up the treacherous mountain side, described in the official police report as "pure hell."

It may take a few days to bring out the bodies, police said, due to the difficult nature of the terrain. However, an easier route than that taken by the searchers in the first attempt was found on the way back and this may make travel faster.

CAUSE UNKNOWN

Western Air Command here said it has not been established what caused the crash, but a court of inquiry will be held.

Flying Officer Brooks, the pilot, was an American. He was 37, born in Joplin, Mo.

The widow and two children, Robert 14, and Diana 11, are living on East Saanich Road.

Sgt. Lionel P. Britland is English, but had been in Vancouver since 1930. He was 21. Educated in Vancouver he joined the air force as a wireless operator at the outbreak of war and served with the 111th Squadron, Vancouver, and with No. 3 Coastal Army Co-operation Squadron at Patricia Bay.

A.C.2 Wortley came from the service flying training school at Macleod, Alta., to Patricia Bay.

Radio 'Hams' to Help in Emergency

An emergency communication system of radio amateurs to assist in guarding the internal security of British Columbia and to function in case of other communications are disrupted by enemy action or other disaster is planned by the provincial government.

Attorney-General Gordon Wismer disclosed today he has asked the Department of National Defence at Ottawa for approval of the scheme and for assignment of special frequencies to amateurs.

Civilian radio amateurs now are not permitted to use their equipment because of wartime regulations, Mr. Wismer explained. They have the means, however, of setting up an auxiliary communication system which could be of considerable use at present for interlocking civilian protection units, and would be extremely valuable in case of communication breakdown through emergency conditions.

Mr. Wismer pointed out federal approval of the plan was essential since Ottawa must have strict control of all communications.

A committee of the B.C. Amateur Radio Association has discussed the proposal with Inspector Cecil Clark of the B.C. Police radio branch and believe it is quite feasible.

Amateurs are willing to use their time and equipment to make it a success, he said.

"We are very anxious to take advantage of the scheme," said Mr. Wismer.

Radio amateurs have transmitting sets at many points in the province where the only communication is by telephone or telegraph services which depend on ground lines that may be put out of action.

At several points Provincial Police have radio stations and the amateurs could very well work as an auxiliary to the police in such cases.

In major centres, like Vancouver, amateurs working with ultra high-frequency equipment, operating independently of city power, could go into operation in case of a telephone breakdown and maintain point-to-point communication linking wardens posts and perhaps functioning in conjunction with the police radio.

The radio scheme recalls heroic work that has been done by radio "hams" in many parts of the continent on occasions of disaster. Often in floods and earthquakes the amateurs have been the only means of reaching the outside world.

OBITUARY

SCHOFIELD—H. C. Schofield, 64, president of the shipping firm of H. C. Schofield and Co. Ltd., and long prominent in Saint John's shipping and business circles, died last night in Saint John, N.B. Henry W. Schofield, Vancouver, is a brother.

MEREDITH—Frederick Edmund Meredith, K.C., 79, prominent Montreal lawyer and former chancellor of Bishop's College, Lennoxville, Que., is dead in Montreal.

REID—Edward Ernest Reid, 69, vice-president and managing director of the London Life Insurance Co., is dead in London, Ont.

MOORE—Albert Edward Moore of 516 Michigan Street, died Tuesday at the Jubilee Hospital, aged 78. He was born at Forest Hill, London, Eng., and moved to this city 11 years ago from Penticton, B.C. He leaves two sons, F. J. Thompson, Kent, Eng., and F. Thompson, Newport, Eng., and one grandson, Edward H. Moore, in this city. Funeral services Thursday afternoon at 2 from the S. J. Curry & Son Funeral Home. Rev. Capt. Higgs will officiate. Interment at Ross Bay.

LUND—The funeral of Major A. H. (Fred) Lund, district paymaster, M.D. No. 11, will be held Friday afternoon, leaving Hayward's B.C. Funeral Chapel at 2 for St. Paul's Naval and Garrison Church, where Rev. Arthur Bischoffberger will conduct service at 2.30. Interment at Esquimalt Military Cemetery.

LIVESEY—Rev. T. R. Lancaster conducted last rites for Capt. Edward Livesey at St. Andrew's Church, Sidney, yesterday afternoon. Members of the 49th Battalion, C.E.F., formed a guard of honor. The following were pallbearers: H. C. Oldfield, J. J. Young, Richard A. Sansbury, George E. John, Henry G. Horth and William A. Beswick. The remains were laid to rest in Royal Oak Burial Park. Hayward's B.C. Funeral Co. was in charge.

HARDY—The funeral of William Hardy will be held from Hayward's B.C. Funeral Chapel Thursday at 2. Interment at Ross Bay.

McFADDEN—William McFadden died Tuesday at the home of his son, 2396 Estevan Avenue, Oak Bay, aged 78. Born at Portadown, Ireland, Mr. McFadden came to this city 42 years ago from Toronto. He is survived by two sons, Walter A., Estevan Avenue, and John H., at Pasadena, Cal. Funeral service Saturday afternoon at 2 from the S. J. Curry & Son Funeral Home. Rev. Dr. A. E. Whitehouse will officiate. Interment at Royal Oak.

STRABLE—Lillian Gay Strable died today at the family residence, 341 Vincent Street, Saanich, aged 69. She was born in Iowa and had been a resident of Victoria and district for 30 years. She is survived by her widower, John H. Strable, at the family residence, and one son, Carl, at Glenwood Avenue, Saanich. Funeral Friday afternoon at 3.30 at McCall Bros. Funeral Chapel. Rev. F. W. McKinnon will officiate. Interment at Colwood.

McAFEE—Funeral service will be conducted by Rev. Wm. Allan at Sands Mortuary, Thursday afternoon at 2, for Andrew (Shorty) McAfee. Burial at Colwood.

BOYLE—Funeral service for James Boyle was held in McCall Bros. Chapel yesterday afternoon. Rev. J. L. W. McLean conducted the service. The following acted as pallbearers: J. D. Burns, D. Grant, R. Gosse, H. W. Gardner, W. T. Couch and J. King. Interment at Royal Oak.

MARTIN—Funeral service was held in McCall Bros. Chapel yesterday afternoon for John James Martin. Rev. J. P. Disney conducted the service. Burial was at Colwood with the following as pallbearers: S. M. Vallis, W. E. Staneland, J. Slater and H. Tyequet.

HAWKINS—George Henry Hawkins, aged 45, 2414 Dryde Street, Oak Bay, died yesterday at the Royal Jubilee Hospital. He was born in England and had been a resident of Victoria for 29 years. He is survived by his widow, and one son, Robert George, and two daughters, Misses Isabel and Minnie, all at home. He enlisted for overseas service in the first Great War with the Royal Canadian Garrison Artillery, and was a member of Pro Patria Branch, Canadian Legion. Funeral service will be conducted on Friday afternoon at 2 in McCall Bros. Funeral Chapel. Archdeacon A. E. de L. Nunn will officiate. Interment at Colwood.

FAWCETT—Committal service will be conducted by Rev. Dr. A. E. Whitehouse at Royal Oak Burial Park, Thursday afternoon at 2 for Frederick William Fawcett. The remains will arrive from Vancouver tomorrow morning. Thomson Funeral Co. has charge of arrangements.

BARTLEMAN—Rev. Father Maurice Lariviere celebrated mass this morning for Roderick Bartleman at West Saanich Catholic Church. Pallbearers: J. Bartleman, V. Bartleman, Art Cooper, W. Elliott, E. Osborne and Henry Cooper. Burial was in the churchyard. Sands Mortuary was in charge of arrangements.

First Autumn Display of New Furniture

SETTEES, love seats, sofas and chesterfields, comfortable chairs to match or in smart contrasts... furniture so well built, so beautifully covered that it makes your living-room completely new and inviting. We invite your inspection of our window display today, where there are shown a few of these new upholstered pieces, as well as individual corner cabinets, coffee tables, etc., of striking beauty.

AND STILL THEY BUY

Customers are still pouring in; some wanting to buy articles which we have not in stock. If you have any of the following articles to spare please do not hesitate to bring them in as we have customers waiting for Coal scuttles, soup spoons and ladle, fiddle, pattern plate, small children's gramophone, small pair of sugar tongs, set of ivory dominoes, costume jewelry, toys and a chess set.

NO MATTER HOW LARGE OR SMALL—IF IT IS SALEABLE—WE WILL TURN IT INTO CASH!

C. A. GILL, Secretary.

FILM INSPIRED BY UNWANTED BABIES

Inspired by the life of Edna Gladney, a woman who has placed more than 2,000 babies in happy homes, "Blossoms in the Dust," coming to the Capitol Theatre today, co-stars Greer Garson and Walter Pidgeon for the first time.

Miss Garson and Pidgeon have an opportunity to depict one of the screen's tenderest romances, and their work in establishing a home for unwanted youngsters brings the problems and struggles of the pioneer workers in the field of child welfare to the screen for the first time.

Featured in the supporting cast are Marsha Hunt, Felix Bressart, Fay Holden, Samuel S. Hinds, Kathleen Howard, George Leacey, William Henry and more than 800 children, ranging from a 17-day-old infant to youngsters of eight.

'THE GREAT LIE'

In her current picture, "The Great Lie," Miss Davis plays a modern girl. Brent, her romance in the tragic "Dark Victory," again becomes her husband. This time their love story has a happy ending.

Miss Davis said the change from the tragic roles she has been playing to drama without tragedy "is probably very good for me."

She admitted she likes tragedy and has loved the roles she's been doing for the past two years. But she thinks "The Great Lie," coming tomorrow to the York Theatre, is even better.

OAK BAY THEATRE

The dance sequences in "That Night in Rio," currently at the Oak Bay Theatre, introduce the tantalizing rhythm of "The Samba."

Carmen Miranda, who is starred with Alvaro Faye and Don Ameche in the 20th Century-Fox Technicolor film, does it to perfection, according to dance experts who have seen the film. "The Samba" is one of the most popular dances south of the Caribbean.

PLAZA THEATRE

Skating on stilts is one of the hazardous feats performed by Phil Taylor in Republic's "Ice Capades," which is now at the Plaza Theatre. Taylor is the father of Megan Taylor, figure-skating champion of the world, who also has a featured role in the picture.

DONCASTER DRIVE

A better built home with modern interior and beautifully decorated. Laundry, dry-cleaning, furnace, hot water and blinds included. Fully landscaped grounds, even to a fish pool. Sorry, NO TERMS. \$2750

E. B. HAWKINS & CO.

A BY-LAW

To provide for the early closing on Saturdays of retail Men's and Boys' Clothing Shops within the City of Victoria.

The Municipal Council of the Corporation of the City of Victoria pursuant to the provisions of the Shops Regulation Act, enacts as follows:

1. (a) The words "Men's and Boys' Clothing Shop," where used in this By-law, shall include any building or portion of a building, booth, stall or place in which the usual and principal business of keeping or offering men's and boys' clothing or furnishings or both for sale by retail and of selling the same is carried on.

(b) The word "closed" means not open for the serving of any customer.

2. Subject to the provisions in this By-law contained and to the provisions of the Shops Regulation Act all men's and boys' clothing shops within the City of Victoria shall from and after the coming into effect of this By-law be closed on every Saturday at six o'clock in the afternoon and remain closed for the remainder of such day and shall also remain closed until the following Monday at the hour of five o'clock in the forenoon.

3. Notwithstanding anything hereinbefore contained the provisions of this By-law requiring the early closing of men's and boys' clothing shops on Saturdays shall not extend to nor affect the closing of said shops on any Saturday during the period of the month of December and the twenty-fourth day of December, both days inclusive, in any year.

4. Any person who commits a breach of any provision of the Shops Regulation Act or of this By-law shall be liable on summary conviction to a fine or penalty not exceeding fifty dollars (\$50.00) and costs, recoverable and enforceable in the manner provided by the "Summary Convictions Act."

5. This By-law may be cited as the "Men's and Boys' Clothing Shops Saturday Early Closing By-law, 1941."

6. This By-law shall take effect on the 1st day of October, 1941, and shall be published in the Victoria Daily Colonist and in the Victoria Daily Times on the 24th day of September, 1941.

Passed by the Municipal Council this 5th day of September, 1941.

Recorded, adopted and finally passed by the Municipal Council this 19th day of September, 1941.

(L.S.) "A. McCAVIN," Mayor.

"M. F. HUNTER," Clerk of the Municipal Council.

NOTICE OF APPLICATION FOR CONSENT TO TRANSFER OF BEER LICENSE

NOTICE IS HEREBY GIVEN that on the 8th day of October next, the undersigned intends to apply to the Liquor Control Board for consent to transfer of Beer License No. 5380, issued in respect of premises being part of a building known as Six Mile House, situate at Paton's Bridge, Island Highway, Esquimalt District, Vancouver Island, British Columbia, upon the lands described as all that part of Section 13, Esquimalt District, lying North and West of Island Highway and South of the Right of Way of the Canadian Northern Pacific Railway, Victoria Land Registration District, in the Province of British Columbia, from Stanley Macklin Thomas to me, the undersigned William Burton, of the City of Vancouver, British Columbia, the transferee.

DATED at Victoria, B.C. this 6th day of September, 1941.

HAPPY-GO-LUCKY FUN!
FRANK CAPRA'S "Meet John Doe" GARY COOPER BARBARA STANWYCK

STARTS TOMORROW! YORK

HER EVERY WORD, HER EVERY CARESS, HER EVERY MOMENT OF ECSTASY WAS PART OF "THE GREAT LIE"

QUINTANILLA TWINS, Beverly and Barbara, featured with Felix Bressart, humanitarian doctor in "Blossoms in the Dust," opening today at the Capitol Theatre.

MOVIE ARMY HAS BIG ADVANTAGE

There are a lot of advantages to being signed up in Paramount's army.

For one thing, take the mud situation. The men in the army have to drill and manoeuvre regardless of weather. But Paramount wouldn't think of mistreating their hard-working recruits in bad weather.

And here's the proof. In "Caught in the Draft," which opens today at the Atlas Theatre, co-starring Bob Hope and Dorothy Lamour, the entire comedy corps were engaged in drilling on a parade ground. It rained and left the ground muddy. So a dozen truckloads of dry dirt was quickly dispatched to the scene and spread over the field. Paramount's army drilled on dry ground.

DOMINION THEATRE

Boris Karloff's latest and most thrilling hit, "The Devil Commands," is currently at the Dominion Theatre. Enacting the role of a scientist who attempts to pierce the veil beyond the grave and communicate with the dead, Karloff turns in the most terrifying performance in his career.

CADET THEATRE

Margaret Sullivan wears 28 changes of costume in her current picture, Universal's "Back Street," in which she stars with Charles Boyer, at the Cadet Theatre.

The clothes were designed by Muriel King, one of the nation's most artistic designers.

The star's costumes duplicate clothes worn in the "gay '90s" and for 25 years following the turn of the century.

Nazi Catapult Ships' Whereabouts Mystery

WASHINGTON (AP)—Talk of winter war in the Atlantic, plus the mystery over whereabouts of Germany's catapult air fleet, may put a little life into the popular will for United States civilian defence, Fiorella La Guardia believes.

New York's mayor, who is national director of the office of civilian defence, has warned hostile planes could—and probably would—launch token hit-and-run raids on seaboard cities if the United States decides to fight.

Many now believe that peril imminent, in view of President Roosevelt's order to the navy to fire upon Axis warships in American defensive waters. United States merchant vessels soon may be armed or conveyed into belligerent ports, if Congress revises the Neutrality Act.

This could mean warfare in American waters, particularly if Axis powers should succeed in crushing Russia and turn west—or, if stalled by Stalin, attempt an all-out naval and air assault on Atlantic shipping to Britain.

Sporadic coastal bombing might follow. Port cities ask where are Germany's big, long-range catapult ships Nordwind, Nordmere and Nordstern? Where

are the giant catapult mother-ships Schwabenland and Friesland? They were a common sight in the Atlantic two years ago, testing experimental air-lines between the Reich and America.

With these ships an enemy would not have to attack from far-off European or American shores. They could manoeuvre secretly in midocean, catapulting bombers on deadly missions from a base too distant for defence fighters to find. The ships disappeared when the war started.

Once before, potential danger of attack stepped up civilian defence. That was when France fell and Britain seemed on the verge of invasion. One million persons, chiefly in coast states, enrolled for anti-air raid service. Then Nazi armies turned east. Americans settled back.

Now the old councils, almost forgotten for three months, are clamoring for a definite program and LaGuardia promises quick action.

C.N.R. New Equipment

Added comfort will be provided sleeping car travelers patronizing Canadian National Railways between Vancouver and Kelowna from now on, according to C. F.

Earle, district passenger agent. Combination heater and air-conditioned sleepers, with section, compartment and drawing-room accommodation, are now part of the equipment on C.N.R. passenger trains operating on the Okanagan Valley service.

Floating Drydock At Burdick Plant

NORTH VANCOUVER (CP)—Pontoon for the new 10,000-ton floating drydock for North Vancouver Ship Repairs Ltd. are now under construction on waterfront property here.

The drydock, to cost \$175,000, is expected to be completed about the middle of 1942. It will have a length of 480 feet and a width of 84 feet, and will be able to accommodate all ordinary deep-sea freighters.

Anti-spin Parachute

CHICAGO (AP)—A new parachute which will prevent parachute troops from spinning dizzily through the air was announced today in a symposium on aviation medicine at the University of Chicago's 50th anniversary celebration.

Fright is the worst enemy of the parachutist, particularly in long-delayed plunges necessary to avoid detection by the enemy. Dr. Andrew C. Ivy, of Northwestern University, Chicago, and Dr. Anton J. Carlson of the University of Chicago declared in reporting on studies made on the mental and physical reactions of jumpers.

The new parachute with the small anti-spin "air anchor" has been found to give the jumper a feeling of confidence, particularly in delayed falls because he floats in an erect or partly erect position and does not whirl through the air.

"It is our belief that when it is necessary to bail out of an aeroplane, a delayed opening of the parachute has certain strategic advantages," the scientists declared.

Their conclusions were based upon unofficial experiments with the parachute, which is now undergoing official army tests.

VETERAN MARINER DIES

VANCOUVER (CP)—Capt. George Hewitt Price, 79, veteran master mariner of the Pacific coast, who died Sunday, will be buried here today. Capt. Price, born in New Brunswick, served in the first Great War as a sergeant in the Royal Engineers.

Beaverdale Sunk, Crew Saved

NEW YORK (AP)—Torpedoing of the Canadian Pacific freighter Beaverdale was disclosed here today.

Marine circles reported that the 9,957-ton British ship was sunk by a submarine 300 miles off the Irish coast. The crew was saved. The liner, built in 1928 for the Canada-England run, continued trading in the dangerous North Atlantic route after the war. Last January she reported sighting a suspicious ship 215 miles south of Iceland, but managed to escape.

The loss in the North Atlantic of another ship carrying American goods to England, the 4,414-ton Norwegian motorship Seguna, also was disclosed.

The Segunda, formerly in the Buenos Aires-New York run, was built in 1920 at Copenhagen, and formerly was named the Sud Uruguayo. No details of her sinking were available.

MONTREAL (CP)—Canadian Pacific Steamships said the 9,957-ton freighter Beaverdale, reported in New York to have been torpedoed, was sunk last April.

PINK STAR CREW

WASHINGTON (AP)—The maritime commission has made public a partial list of the crew of the freighter Pink Star which was sunk September 19 near Iceland. The list included eight Canadians, three Britons, an Irishman and an Ecuadorian.

The list: John Mackenzie, master, Canadian, 55, Halifax; Andrew McKee, first assistant engineer, British, 41, Irvington, N.J.; Edward Seymour, chief steward, British, 41, Brooklyn, N.Y.; James Cassidy, second officer, Canadian, 29, Newcastle, N.B.; H. G. Keland, carpenter, Canadian, 37, Montreal; Harold Hawkes, boat-skipper, Canadian, 30, Verdun, Que.; Paul Robinson, able seaman, Canadian, 19, Montreal; John Murphy, radio operator, Irish, 43, New York; Raul Varas, messman, Ecuadorian, 36, New York; Norman West, messman, British, 43, New York; Harold Carmichael, able seaman, Canadian, 30, Saint John, N.B.; John Archer, second assistant engineer, Canadian, 43, Montreal.

New York Stocks

NEW YORK (AP)—Prices faltered at the finish of today's stock market, leaving the list spotty after early quiet buying played out. Turnover was about 500,000 shares.

Motors and rails, leaders in the upward push, were among the first to waver. Showing losses of fractions to a point or so were U.S. Steel, Boeing, Douglas, United, American Telephone, Westinghouse, Sears Roebuck, Montgomery Ward and Northern Pacific.

Unchanged to a bit higher were Republic Steel, Eastman Kodak, American Can, Woolworth, United Carbide and International Harvester. Dupont lifted a point or so. Canadian stocks were strong with Dome up $\frac{1}{2}$ and McIntyre up $\frac{1}{4}$. Canadian Pacific was unchanged and Walkers $\frac{1}{4}$ of a point lower. In the bond market Canada 4s gained $\frac{1}{4}$.

2 Ranglers Missing

ARMSTRONG, Ont. (CP)—Searchers in planes and canoes today combed the lake and forest country south of Armstrong for two rangers of the Ontario forestry branch, William Masaluk, 30, and Archie Fippula, 27, unreported since Saturday.

tioned food in excess of the ration. It is an offence therefore to send abroad for supplies." Postal officials said people may begin forwarding their Christmas parcels to Britain any time now and suggested all should be on their way by November 15. If the parcels are spread out over a period of six weeks or so space all along the line may be saved—transportation, storage and shipping.

Parcels seized upon their arrival in Britain because of contravention of regulations are given to the Ministry of Food, when they contain such, or distributed to charitable organizations and the Red Cross in the case of clothing. In the latter cases the clothing is distributed in the regular way through ration coupons.

Malarctic Drops .13

TORONTO (CP)—Ignoring moderate strength at New York, Toronto exchange listings took a downward course today and closed with index losses for all four groups. Aggregate turnover was around 175,000 shares.

Malarctic Gold Fields closed at 2.37 for a net loss of 13. Wright-Hargreaves lost 10 to 3.90 and other issues finishing down about 5 cents were Parnour, Teck Hughes, Sylvanite, Pickle Crow, O'Brien, East Malarctic, Francoeur, Kerr-Addison, Toburn, Upper Canada and San Antonio.

Prices were up narrowly for Chromium, Nickel and Hudson Bay and minor losses were netted by Sudbury Basin, Sherritt and Normetal.

Weakness prevailed in utilities, foods, steels and miscellaneous issues. Carnation preferred was off 1 1/2. Wood, Alexander and James preferred was down 5 points to 75 and Bank of Nova Scotia was off 2 to 278.

Footfalls and Dalhousie declined 3 to 5 cents and Home Oil recovered an early loss of 5.

Turtles and Birds Swarm Over Atlantic Island

Perhaps the day will come when you will make a sea voyage from Brazil to the west-central coast of Africa. If you do so, there's a little island you might visit on the way across.

Ascension Island is the one of which I speak. It is about halfway across the Atlantic, and is not far from St. Helena.

If you had visited Ascension Island a century and a half ago, you would not have found any people there. There would have been some wild life—turtles and birds—but no settlers.

At the time Napoleon was taken to St. Helena as a prisoner, the British decided to send sol-

Frigate birds on Ascension Island

diers to Ascension Island. It was thought this would help guard against any effort of the French leader to escape.

Since that time, the island has been settled to a certain extent. It has about 200 people, most of them white soldiers and negroes who came over from Liberia.

Volcanoes played a part in building up Ascension Island. To this day, great beds of hard lava cover most of the 34 square miles of its surface.

There was little plant life at the time people first went there to live. Plants grew only in the upper parts of Green Mountain, which is a bit more than half a mile high. Springs on the slopes of Green Mountain supply drinking water for the people on the island today.

In the past 125 years, a few of the valleys and ravines have been planted with grass. Cattle and sheep graze on pasture lands which have been obtained in this way. A small part of one square mile is used for raising vegetables.

Rabbits and goats have been brought to the island. Some of these escaped, and now there are wild goats and rabbits.

Yet turtles and birds still make up most of the wild life. Thousands of sea turtles swim to the shore, and climb up the banks to lay their eggs.

The "wideawake birds" also lay eggs on Ascension Island. Most of their time they spend flying over the ocean, looking for fish, but as nesting time they go back to their island home.

Vast numbers of frigate birds have colonies on the same island. Without building nests, they lay their eggs on the ground.

HOROSCOPE

September 25
Good and evil appear balanced in the forecast for today. Plans may be changed abruptly because of unexpected happenings. Finances are favored. New associates may prove helpful in the business world. There may be tension among workers and thoughtless remarks may cause hard feeling.

Persons whose birthdate it is have the augury of an eventful year. Children born on this day may be talented and independent.

THE WEATHER

VICTORIA, 5 a.m. today—The weather on the northern coast has been cloudy with light to moderate rain and drizzle. It continues fair and mild over the southern coast. In the interior it has become partly cloudy with a few showers. It has become cloudy and cool on the prairies with snow over most of Alberta and showers in Saskatchewan. There have been moderate rains in southern Manitoba. Victoria—Barometer, 29.94; temperature, max. 68, min. 49; wind, 5 miles E.; clear.

Vancouver—Barometer, 29.95; temperature, max. 65, min. 47; calm; foggy.

Beauty used to be skin deep. Now it appears to be about knee-high.

THIS CURIOUS WORLD By William Ferguson

Dorothy Dix's Letter Box

DEAR MISS DIX—I am having a great deal of trouble with my little boy, who is five years old. He is very strong and healthy, and unusually bright, but he will not let me out of his sight. He cries and almost has hysterics if I am in another room and he doesn't see me when he wants me. He will not play outdoors unless I stay right by him, nor will he play with other children. I cannot leave him even when he is asleep, because if he wakes up and I am not there, he screams and screams. He does this even when his father is with him, although his father is devoted to him. I can never go out with my husband at night, or do anything that other people do. I even have to feed my little boy at the table because he won't do it for himself. He won't pick up his playthings. I have to do everything for him. I am worried over all of this. What must I do?

A TROUBLED MOTHER.

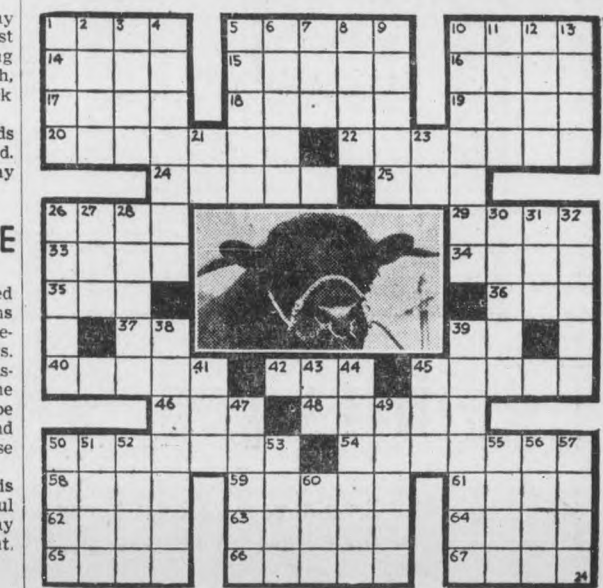

Answer: Well, the first thing for you to do is to go down on your knees and ask God's forgiveness for turning the little angel He sent you into a little devil, and then get up and strengthen your backbone and your good right arm and try to undo some of the harm you have done to your innocent and helpless child.

If every time little Johnny raises his voice Mother gives him whatever he desires, he naturally is going to scream his head off to get his way. But if yelling gets him nowhere, he gives up the abortive effort to put pressure on the family, and turns over and goes to sleep.

I am sorry for you and sorrier still for the neighbors, but you can break your little Johnny from crying for you by just leaving him to wall it out by himself while you go about your own affairs. He will get tired of crying for you in a couple of days if it doesn't bring you back.

DOROTHY DIX.

C.C.F. SUPPORTS
REDS IN FIGHT

The provincial executive of the C.C.F. in a statement today said that in common with all other democratic bodies they unreservedly condemn the Nazi aggression and unprovoked assault upon

the Soviet Union.

"The latest expansion of the war is further and conclusive proof that the policy of appeasement is no more than an invitation to predatory attack," the statement said.

"The C.C.F. sends its greetings to the Russian people and its warmest admiration for their heroic resistance to the treacherous assault of the Nazi armies. The C.C.F. gives its assurance of full support in their effort to defeat the common enemy."

The provincial executive urged on the federal government the early resumption of full diplomatic and trade relations with the Soviet Union together with unqualified support for the Anglo-Soviet alliance.

Walked in Slippers
To Join R.C.A.F.

WINNIPEG (CP)—Two American youths, Norman Weiler of Seward, Neb., and William Mize of Topeka, Kas., made application to join the R.C.A.F. at the recruiting depot here after hitchhiking more than 1,000 miles with almost no money.

After leaving Seward last Wednesday, Weiler stopped at a hotel in Omaha, Neb., and there his wallet, containing a railroad pass and \$200, was stolen. He had only a dime left and spent that last Friday on his way to the Canadian border.

Before arriving at Noyes, Minn., just across the interna-

tional boundary from Emerson, Man., Weiler sold his shoes and continued his hike in a pair of slippers. Because he had little money, Canadian immigration officials would not let him across the border.

While waiting at the border, Weiler met Mize who told him he had thumbed his way from Chicago where he had been looking for work. Weiler then sold his suitcase for \$1.50 and called his father long distance, telling him of his financial predicament.

Weiler Sr. lost no time sending his son some money and on Monday the two boys were allowed to cross the border into Canada.

CONFERENCE SPEAKER—Dr.

G. F. Amyot, who will be one of the speakers at the Greater Victoria Welfare conference to be held in the Empress Hotel Friday and Saturday. A number of well-known doctors, social workers and other experts will give addresses and lead round-table discussions on problems affecting community welfare, and the interested public will be welcomed.

A bug deflector of transparent plastic has been devised to prevent automobile windshields from attracting so many insects.

Fine Exhibits at Saanich's 73rd Exhibition

Mrs. W. D. Michell, convener of the bottled fruit section, displays prize work of Mrs. B. M. Willoughby, West Road. Mrs. Willoughby received first, second and third prizes for the best bottles of fruit in the show with her jars of peaches, plums and strawberries. These jars also won first prizes in their respective divisions.

Shown judging some fine ears of corn is J. J. Woods, superintendent of the Dominion Experimental Station at Saanichton. He described exhibits in the agricultural division of which he was main judge as "some of the finest products I have ever had the pleasure of seeing."

About to slice into a nut loaf to taste while judging the home cooking entries is Mrs. K. McMurdo, Salt Spring Island. Mrs. McMurdo's job of tasting the home cooking in selecting the best exhibits brought watery mouths to a troop of youngsters following her and watching her every move.

By Mrs. Woodward, a program of sports for school children and piping and Highland dancing contests was commenced. These attracted keen competition and crowds of spectators enjoyed it. After the opening ceremony there was a horse show. It was the second consecutive year the horse show was included in the fair since 1896.

Paddled Across Channel

5 French Youths
Escape to England

LONDON (CP)—Five French youths who escaped from France last week by crossing the English Channel in two Canadian-type canoes drank champagne yesterday with Prime Minister and Mrs. Churchill at No. 10 Downing Street.

The boys, all just under 20, landed at Eastbourne last Thursday, soaked and exhausted from their 30-hour battle against an unfavorable tide. They will go to Gen. Charles de Gaulle's training college preparatory to entering the Free French forces.

While his companions stood around in shorts and the wooden shoes of French peasants, the expedition's navigator told the Prime Minister how they fled to avoid being requisitioned to work for the Germans.

"Once before," he said, "they (the Germans) made schoolboys carry sand for the sheer pleasure of annoying us and not for any practical purpose."

"So we repaired two Canadian canoes and waited for favorable weather. When our chance came we stole food coupons from a shop and gave them back in exchange for 20 pounds of bread."

They also stored 30 pints of water in gasoline cans and bottles

and got 75 army biscuits for the voyage.

They shoved off at midnight, three in one canoe, two in the other, each craft provided with a compass.

"We could not tell our parents beforehand that we were going," the spokesman said. "We just left notes to say we had gone to England."

When the sea got rough they kept in touch with each other by tying their canoes together, he related. They paddled most of the way, using sails at night.

"We saw E-boats (small German war craft) and a German plane," the leader told the Churchill, "but they didn't spot us."

None of the boys had ever sailed more than two miles from the coast before.

Swedes Lack Copper

STOCKHOLM—At the end of July, 1941, 60,000 rural homes in Sweden had been electrified since the previous summer; owing to copper shortage there are 210,000 still to be supplied with electric facilities.

Russia's river transportation is many waterways run north-south, whereas heaviest traffic is east-west.

AIR CASUALTIES

LONDON (CP)—Flying Officer Peter J. Valachos, D.F.C., of Brantford, Ont., was listed as a prisoner of war in the R.A.F.'s 81st casualty list issued last night, in which two other Canadians—a British Columbian and a Mont-realer—were included. The list contained 480 names.

Following is the list of Canadians missing:

Pilot Officer H. Law, from British Columbia, mother lives in Nanaimo, B.C. Missing, believed killed in action, Sgt. G. K. Powell, born in Montreal, mother lives in Putney, England.

MISSING OVERSEAS

MELITA, Man. (CP)—Mrs. W. Forman of this southwestern Manitoba town has received word her son, Sgt. Gnr. Charles Wilbert Forman, 20, is missing overseas as a result of bombing operations September 19. Born and educated in this district, Sgt. Gnr. Forman enlisted with the R.C.A.F. after taking an aero-engineering course at Vancouver and went overseas in May, 1940.

PRISONERS OF WAR

LONDON (CP)—A German source last night gave the names of two Canadian airmen included in the long list of pilot prisoners. The Canadians, according to this source, are: P.O. William Isaac Ball of Saskatchewan and P.O. Harold Kenneth Anthony, Toronto.

KILLED IN ACTION

LONDON, Ont. (CP)—P.O.

John Ruston of the R.C.A.F. has been killed in action overseas, according to word received here. P.O. Ruston enlisted in the R.C.A.F. in June, 1940, and won the James A. Richardson trophy for most proficient graduate at No. 2 air observers' school at Edmonton.

ON LEAVE—Wireless-Operator, Air Gunner Sergeant Norman K. Bonner, who is home on leave visiting his father, G. E. Bonner, and sister, Constance M. Bonner, at Cobble Hill, and his brothers, Charlie Bonner, 912 Bank Street; Walter Bonner, 972 Bank Street; and Ralph Bonner, Blenkinsop Road, Victoria.

The huge cross on Mt. Holy Cross, Colorado, is made of snow—yet never melts away.

Scrap Squabbles
And Win the War

"Never mind the rats in the basement when your house is on fire," said Fred G. Holden at the Kiwanis luncheon Tuesday in reference to petty internal squabbles in Canada which are distracting the attention of the people from the war effort.

"Put out the fire first, then deal with the rats," he added. Mr. Holden spoke on "The Fifth Column in Canada," telling the audience of different events and commonplace things in this country which were the outcome of the work of the fifth column, but which people were apt to attribute to more innocent sources. "The fifth column is so close to us we are not conscious of what it is," he said.

The speaker said that to win this war Hitler would have to destroy the home fronts of his enemies. The German leader knew this and was using every possible means to bring about such disintegration. For every 2,000,000 men in the battleline, 35,000,000 were needed to work on the home front. If the morale of the workers on the home front were destroyed the armies would be defeated.

5TH COLUMN WAYS

Mr. Holden described as the work of foreign agents and their dupes to undermine the home front, spreading of wild rumors, the stirring up of differences, the advertising of pacifism, defeatism and fatalism, the attempted poisoning of relations between the United States and Canada and most labor strikes. The last item, he said, was the most important one because if Canadian workers failed to supply the men overseas everything would be lost.

He ended his talk with a plea to those present and to everyone who wanted to see the war won to combat the work of the fifth column by helping to reconcile business and labor, by reporting to authorities occurrences and rumors that looked suspicious and by showing more sincerity and patriotism in their attitude to the war.

Conservatives Here
Nominate Tonight

R. L. Maitland, K.C., provincial Conservative leader, and his chief lieutenant in the last Legislature, Herbert Anson, Victoria, will be the feature speakers at tonight's Victoria Conservative Association nominating convention at 738 Fort Street.

Three candidates will be chosen by the delegates to contest the Victoria seat, and W. H. Bevan-Pritchard will preside. The convention starts at 8, but delegates have been asked to be there by 7.30.

Major J. D. Hunter, who sat in the last House, will stand for nomination again. Others mentioned as possible nominees include Brig. J. S. Brown, Alderman D. D. McTavish, Waldo Skillings and Alderman B. J. Gadsden.

In Oak Bay, where Mr. Anson is the party's candidate, committee rooms have been opened at 2013 Oak Bay Avenue with telephone B 2137.
